Application History

Permit R-13204 was issued by the Department on May 24, 2002. The permit called for complete application of water to beneficial use by October 1, 2006. On April 9, 2013, Jyn, Inc. submitted to the Department an Application for Extension of Time for Permit R-13204. In accordance with OAR 690-315-0050(2), on September 17, 2013, the Department issued a Proposed Final Order proposing to extend the time to apply water to full beneficial use to October 1, 2016¹. The protest period closed November 1, 2013, in accordance with OAR 690-315-0060(1). No protest was filed.

¹ The correct date is October 1, 2018. See exception described in Findings of Fact.

Findings of Fact

Except as expressly stated herein, the Department adopts and incorporates by reference the findings in the Proposed Final Order dated September 17, 2013.

Exceptions to the Proposed Final Order:

Due to a scrivener's error the Proposed Final Order cited October 1, 2016, in several locations. The permit holder requested the permit be extended to October 1, 2018, to apply water to full beneficial use under the terms and conditions of the permit. The Department believes an extension to October 1, 2018, is both reasonable and necessary. ***The date October 1, 2016, is not incorporated into this Final Order.***

At time of issuance of the Proposed Final Order the Department concluded that, based on the factors demonstrated by the applicant, the permit may be extended subject to no additional conditions.

CONCLUSION OF LAW

The applicant has demonstrated good cause for the permit extension pursuant to ORS 537.230, 539.010(5) and OAR 690-315-0040(2).

Order

The extension of time for Application R-84602, Permit R-13204, therefore, is approved. The deadline for applying water to full beneficial use within the terms and conditions of the permit is extended from October 1, 2006 to October 1, 2018.
