Steven,

I do have this map in the application, yes. Can you just tell me approximately how many feet south and west from the Section line the center of the reservoir is? That would suffice.

After I have this information I will be able to forward the application on with a final order and permit.

Thank you again.

Barbara,

Attached is a scaled drawing of my property. I am fairly certain this drawing was provided with the application. You will note that my property is in the NE ¼ of the NE ¼ of section 27. I
