The assignment from Lee Palmer to Debra L. Wood has been recorded in the records of the Water Resources Department.

The Departments records will now show Debra L. Wood as the permit holder of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 112590 and 112591 covering the recording fees are also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permits.

Please note that these permits required complete application of water to the proposed use by October 1, 2003, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report. As of this date, the claim of beneficial use has not been received by the Department. This places this permits at risk of cancelation proceedings being started.

Sincerely,

Jerry Sauter
Water Rights Program Analyst
