### By my signature below I confirm that I understand:

- I am asking to use water specifically as described in this application.
- Evaluation of this application will be based on information provided in the application packet.
- I cannot legally use water until the Water Resources Department issues a permit to me.
- The Department encourages all applicants to wait for a permit to be issued before beginning construction of any proposed diversion. Acceptance of this application does not guarantee a permit will be issued.
- If I begin construction prior to the issuance of a permit, I assume all risks associated with my actions.
- If I get a permit, I must not waste water.
- If development of the water use is not according to the terms of the permit, the permit can be cancelled.
- The water use must be compatible with local comprehensive land use plans.
- Even if the Department issues a permit, I may have to stop using water to allow senior water right holders to get water to which they are entitled.

I (we) affirm that the information contained in this application is true and accurate.

**Subject:** Contact with BLM

On November 14, 2014, I made contact with Anne Shirley, who is the Realty Specialist at the BLM in Roseburg.

My contact with Shirley was in regards to me needing permission to cross BLM property to get to the North Umpqua River for river rights. There is a stretch of BLM property (Tax lot #800) that separates my property, 1291 Lone Rock Road, from the North Umpqua River.

Shirley informed me I needed to complete a Developmental Application in order for them to start their process.

On November 18, 2014, I completed the Developmental Application and presented it to Shirley. Shirley informed me she wasn't able to start my process until she was given proof that I had been granted water rights from the State of Oregon. I informed Shirley I was in the process, but hadn't yet been given the rights. Shirley told me she would hold onto my application, but wasn't able to start their process until I was granted the water rights by the State of Oregon.

This documents my contact with BLM, thus far.
