LEGEND

- Found brass cap monument for Section Corner, Union County monumentation records
- Found monument of record for 1/4 corner, Union County monumentation records
- — — Centerline of Road
- — — Existing mainline for water distribution

NOTE: The object of this permit amendment is to transfer the place of use of 229.5 acres of primary lands, as well as transfer the location of an undrilled well # 2 to newly purchased lands by the DeLints. Well # 4 is also requesting a new location from the authorized position authorized by Permit G-15808. Well # 4 has been drilled, but is not yet in service. Well # 4 was drilled within the SW,SE of Sec. 7, as authorized, but about 400 feet Northeasterly. The current place of use as well as the current location of Well # 2, and proposed Well # 4 were approved under Permit G-15808. The newly purchased lands currently have no rights. The new location for Well #2 is proposed to be in the SE, SE of Section 16, and would significantly improve the overall distribution of the water within the DeLint property. Much of the underground mainlines are already in place.
