NOTICE OF BEGINNING OF CONSTRUCTION

I, E. M. Wright, the holder of Application No. 11262, beingPermit No. 8460, issued by the State Engineer of the State of Oregon

(Reservoir or Enlargement)

for the appropriation of 1.4 second-feet of the waters of Owens Cr. in Lane Co., in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engineer,began the actual construction of the works described therein on the 20th day of May, 1929, being within the time limitation as fixed in said permit for the beginning of construction work.

The appropriator should state the manner of beginning construction work, number of men and teams employed, the amount of work completed up to the date of this

statement, and any additional information which may tend to show the beginning of work in good faith.

IN WITNESS WHEREOF, I have hereunto set my hand this 27th day of May, 1929Bend Ore

(Present Address)

E. M. Wright

(Signature of Applicant)

Fill out, detach, and mail to the State Engineer, Salem, Oregon.

Form B

NOTICE OF COMPLETION OF CONSTRUCTION

I, E. M. Wright, the holder of Application No. 11262, being

(Reservoir or Enlargement)

Dam on creek Permit No. 8460, issued by the State Engineer of the State of Oregon for the appropriation of 1.4 second-feet of the waters of Owens Creek, in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engineer,have completed the construction of the works described therein the 1st day of June, 1930, being within the time limitation as fixed in said permit or as extended by the State Engineer for the completion of construction work.Remarks: Ready to turn water in when needed

If the works have a less capacity than as described in the permit, or you have definitely abandoned your plan of irrigating any of the lands described

in your permit, you should so state in order that our records may not be unnecessarily encumbered.

IN WITNESS WHEREOF, I have hereunto set my hand this 1st day of June, 1930342 Florida Bend Ore

(Present Address)

E. M. Wright

(Signature of Applicant)

Fill out, detach, and mail to the State Engineer, Salem, Oregon.

Form D should be used in reporting progress of work if more than one year has been allowed for completion.

Charles E. Strickland
State Engineer Salem
Oregon

STATE OF OREGON
OFFICE OF THE STATE ENGINEER
SALEM, OREGON

8460

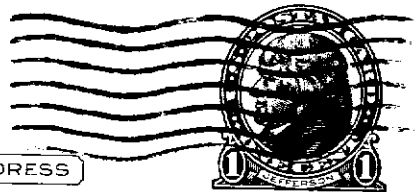

You were required by the terms of your Permit No. _____
and the statute under which it was issued to begin actual construction work on or

before May 28, 1929 _____, and I note that you have not
filed notice of beginning construction, a blank for which was attached to your permit.
If you have begun such work, I would suggest that you promptly fill out, sign and
forward the notice to this office. In case you have failed to begin construction work,
your rights have lapsed, and in order that the records of this office may be complete
notification of this fact, together with a statement authorizing the cancelation of the
permit, will be greatly appreciated.

Very respectfully,

RHEA LUPER,

State Engineer.

THIS SIDE OF CARD IS FOR ADDRESS

Mr. E. M. Wright,

John F. & Nina C. Fynn
Junction City, Oregon

Dear Sir & Madam:

This acknowledges receipt of your application for extension of time under your Permit No. 8460 for completion of construction work and complete application of water under your Permit No. 8460.

The application indicates that you have shown reasonable diligence in the prosecution of work on your project and the time limits for completion of construction and complete application of water are, therefore, being extended until October 1, 1936.

Very truly yours

CHAS. E. STRICKLIN
State Engineer

Permit No. 8460

APPLICATION FOR EXTENSION OF TIME

For Completion of Construction Work and
Complete Application of Water

RECEIVED
OCT 4 1935

STATE ENGINEER
OREGON

To the State Engineer of Oregon:

I, John H. & Nina E. Wyman, of Junction City
State of Oregon do hereby certify:

That I am the owner and holder of Permit No. 8466, to appropriate the
public waters of the state of Oregon.

Under the terms and conditions of said permit construction work was re-
quired to be completed and complete application of water was required to have
been made by October 1, 1935.

That I have heretofore performed the following work described under said
permit: Built dam in creek made
ditches built flume across creek

costing \$ 300, and the estimated cost of completion is \$ 500⁰⁰.

That I have heretofore made application of water under said permit to the
following extent: Approximately fifty acres

That I am unable to complete construction work and make the complete appli-
cation of water within the required time, for the following reasons, to wit:

I am financially unable at
the present time to complete
the project

WHEREFORE, I ask that the State Engineer extend the time for completion of
construction work and for the complete application of water under said permit
to Oct 1, 1936

Signature of Applicant

RECEIVED

September 25, 1932.

John W. & Nina C. Fynn,
Junction City,
Oregon.

Dear Sir & Madam:

This will acknowledge receipt of your notice of complete application of water to the proposed use under your Permit No. 8460.

The law requires that when final proof is made under a permit that a water right certificate shall be issued in confirmation of the right only to the extent that it has been perfected at the time of making final proof. I believe, therefore, that if you are interested in completing the entire development that the notice of complete application should be considered as prematurely submitted and that you should make application for an extension of time.

If you have shown reasonable diligence in the prosecution of work during the past year such extension may be granted upon proper application, a form for which is inclosed..

Very truly yours

STATE ENGINEER
RECEIVED
JUN 6 - 1929
SALEM, OREGON

Dear Sir:

In answer to the enclosed postal relative to permit number 8460, will state that I forwarded you notice of beginning construction work, about the 25th., of May and will put the dam in this summer as soon as water is lower. I would have had it in before this but I have not been able to make satisfactory arrangements in placing the dam on Mr. Myres' place. Unless I can get his consent I can put the dam on my own land and irrigate all but about 10 or twelve acres of the original amount of land I had planned to irrigate. I plan on going to the valley next Saturday and will see you personally sometime next week and will talk this over as I want to perfect this right and use part of the water this fall.

Yours very truly,

E. M. Wright

Mr. Rhea Luper
State Engineer
Salem Oregon.

Dear Sir;

Enclosed find check for \$15.00 to cover filing fee on application to appropriate water from Owens creek in Lane County Ore. to irrigate 112 acres

I am sending corrected application and map under separate cover.

As to the acreage in each legal subdivision I am sure is correct but as to the exact point of diversion I can not give at this time as I could not find the quarter corner but the map is not far off and I will divert the water just above the turn in the creek as indicated on the map.

This creek is a small stream and flows very little water in the late summer, the dam will be a crib dam and checked up with flash boards that can be removed in winter when water is not needed,

Hoping this is the information you need and you will grant the permit I am

Yours very truly,

E. M. Wright

Ehea Laper
State Engineer

REAL ESTATE

BEND, OREGON

February 9th, 1928.

Mr. Rhea Luper,
State Engineer,
Salem, Oregon.

Dear Mr. Luper:

In answer to your letter of February 2nd, relative to my application for permit to appropriate the waters from Owen Creek in Lane County, Oregon, will state that by all means I want to complete this right.

Was not able to do anything last summer, owing to the fact that I was trying to get permission from my neighbor for a right-of-way through his property.

Have not sent the maps because of the fact that I did my own engineering, and there were some details and checking up that Dan was going to do for me, but somehow we kept putting it off and we never got over in the valley to complete same but will surely do so this spring; therefore, I am asking if I can have until the first of May, 1928 to complete this application and still hold my priority?

In case you cannot grant this extension of time, let me know at once and I will go right down and get an engineer to go over it with me and get the plans in by March 4th as you require; but, owing to the fact that a great deal of this land is low and marshy, and needs drainage as well as irrigation, it would be a whole lot better to do the surveying a little later on, so I would appreciate it if you would grant me a little more time in which to complete this filing. However, I do not wish to lose my priority.

Yours very truly,

E. M. Wright
E. M. Wright.

EMW:GC

February 2, 1928.

Mr. E.M. Wright,
Bend,
Oregon.

Dear Sir:

We are holding unapproved you application No. 11262 filed in this office on January 8, 1927. This application is for a permit to appropriate 3 second feet of water from Owens Creek for irrigation and domestic use.

It appears that when you submitted the application you intended to furnish a map to accompany it, and pay the balance of fees which amount to \$20.60. Because of the fact you have taken no further action it appears you may have abandoned your plan and will wish to have the application cancelled.

We are returning the application herewith for the required map and balance of fees. In order to retain its priority it must be re-submitted on or before March 4, 1928.

Yours very truly,

Rhea Luper
State Engineer.

ss.

We, George Schulmerich and B. B. Jennings of Mission City, Or, being first duly sworn, depose and say that we are well acquainted with the facts and conditions set forth in the foregoing statement relative to proof of appropriation of water under Permit No. 8460; that we and each of us have been over and upon each tract described in said proof, and from such personal inspection have knowledge that all necessary ditches, dams and other diversion and distributing works have been constructed, and water used as stated therein; that we have carefully read such proof of appropriation, and that each and every statement contained therein is true to the best of our knowledge and belief.

Subscribed and sworn to before me this 30th day of Oct, 1936.

[NOTARIAL SEAL]

My commission expires Oct 22-1936

REPORT OF PERSON MAKING INSPECTION

(For use by representative of State Engineer)

I, _____, do hereby certify that I have made an inspection of the works described herein and in Permit No. _____, on the _____ day of _____, 193____, and found the foregoing statements and descriptions of works to be accurate. In my opinion the appropriation has been completed to the extent of _____
(Quantity of water in second-feet or acre-feet)
and I recommend the issuance of a water right certificate for this amount.

NOTE TO INSPECTORS

If conditions do not justify the above report by you, please return the proof without your signature, with a full report by letter.
