Receipt No. 6410

NOTICE OF COMPLETE APPLICATION OF WATER TO A BENEFICIAL USE

I, John S. Malcolmson, the holder of Application No. 9733, being
 Permit No. 6463, issued by the State Engineer of the State of Oregon

(Reservoir or Enlargement)

for the appropriation of 0.5 second-feet of the waters of Minikahda creek
 in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engineer,

completely applied the water to a beneficial use, on the 1st day of June, 1930,
 being the time limitation as fixed in said permit or as extended by the State Engineer for the complete
 application of water to a beneficial use.

Remarks:

I am using all water

If all of the water granted in the permit had not been fully applied to beneficial use, you should so state, so that delinquent appropriators may

have notice.

IN WITNESS WHEREOF, I have hereunto set my hand this 22 day of Nov, 1930

W. E. Lewis Bros

(Present Address)

J. S. Malcolmson

(Signature of Applicant)

Fill out, detach, and mail to the State Engineer, Salem, Oregon.

NOTICE OF COMPLETE APPLICATION OF WATER TO A BENEFICIAL USE

Form C

I, John S. Maladmonson, the holder of Application No. 9733, being
Reservoir Permit No. 6463, issued by the State Engineer of the State of Oregon
(Reservoir or Enlargement)
 for the appropriation of 0.5 second-feet of the waters of Minikahda Creek
 in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engineer,
 completely applied the water to a beneficial use, on the 30 day of July, 1926,
 being the time limitation as fixed in said permit or extended by the State Water Board for the complete
 application of water to a beneficial use.

Remarks:

Not yet using all water - as cottages are
 built will use more - will probably have to
 apply for additional water.

IN WITNESS WHEREOF, I have hereunto set my hand this 14th day of June, 1927.

Welches Ore.

(Present Address)

John S. Maladmonson

(Signature of Applicant)

Fill out, detach, and mail to the Secretary, State Water Board, Salem, Oregon.

NOTICE OF COMPLETION OF CONSTRUCTION

Form B

I, John S. Maladmonson, the holder of Application No. 9733, being
Reservoir Permit No. 6463, issued by the State Engineer of the State of Oregon
(Reservoir or Enlargement)
 for the appropriation of 0.5 second-feet of the waters of Minikahda Creek
 in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engineer,
 have completed the construction of the works described therein the 27th day of July, 1926,
 being within the time limitation as fixed in said permit or extended by the State Water Board for the
 completion of construction work.

Remarks:

abandoned concrete reservoir - have natural
reservoirs - by building small dam -
 in your permit, you should so state in order that our records may not be unnecessarily encumbered.

IN WITNESS WHEREOF, I have hereunto set my hand this 14th day of June, 1927.

Welches Ore.

(Present Address)

John S. Maladmonson

(Signature of Applicant)

Fill out, detach, and mail to the Secretary, State Water Board, Salem, Oregon. Form D should be used in reporting progress of work if more than one year has been allowed for completion.

NOTICE OF BEGINNING OF CONSTRUCTION

I, J S Malverson, the holder of Application No. 9733, being
 Permit No. 6463, issued by the State Engineer of the State of Oregon
 (Reservoir or Enlargement)

for the appropriation of 0.5 second-feet of the waters of Minikahda Creek
 in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engineer,

began the actual construction of the works described therein on the 5th day of July, 1925,
 being within the time limitation as fixed in said permit for the beginning of construction work.

Cleared right of way 800 feet - graded 100 feet to bring
 The appropriator should state the manner of beginning construction work, number of men and teams employed, the amount of work completed up to the date of this

like in cut of canyon onto ridge - will either cross or add
 statement, and any additional information which may tend to show the beginning of work in good faith.

trap road 4 or 700 feet on bridge over creek and make new
road by according to survey - I worked alone.
 IN WITNESS WHEREOF, I have hereunto set my hand this 2nd day of August, 1925.

COUNTY Clackamas

PROOF OF APPROPRIATION OF WATER

Welches, Oregon

1. Name J. S. Malcolmson 2. Address 1200 Lexington Court, Portland
3. Source of supply Minikahda Creek
- Tributary of Clear Creek and Sandy River
4. Amount of water 0.2 5. Priority date August 5, 1924
6. Use Domestic
7. Location of point of diversion, NE¹SW¹₄ Sec. 27, Twp. 22S, Range 7 E W. M.
(Legal Subdivision)
8. The description of land given below corresponds to that found in your permit covering land to be irrigated, or, if for other purposes, the place of use. In the blank column on the right, headed "No. acres actually irrigated," fill in the number of acres you have irrigated in each of the tracts described:

[illegible]

(Attach separate sheet if necessary)

DESCRIPTION OF WORKS

9. (a) If a dam has been constructed, give description: Height,ft.; length on top,ft.
length on bottomft.; material used and character of construction,
- (b) Give description of headgate: Width,ft.; depth,ft.; material used and character of construction,
- (c) Size of canal: Width on top (at waterline)ft.; width on bottom,ft.; depth of water,ft.; grade,ft. fall per 1,000 ft. Actual capacity,sec.-ft. Give general description,
- (d) Pipe line: Description of intake, *about 100 feet above 3 settling tanks*
Length of pipe *7786* ft.; size at intake, *3 1/2* in.; size at *1941* ft. from intake, *2 1/4* in.; size at place of use, *2 1/4 + 2* in. Difference in elevation between intake and place of use, *125* ft.
Is grade uniform? *yes* Actual capacity of pipe line,sec.-ft.
Give general description: *Steel boiler tubes coated & wrapped*
(*Gates - Hillborn paper*) (Material: Steel, wrought, cast iron, wood stave, etc.)
(e) Pumping plant: Give size and type of pump,
Suction lift,ft.; discharge lift,ft. Type of motor used
Horse power rating, H. P. Actual capacity of pump,sec.-ft.
10. During what months is water beneficially used *all year*
11. State character of soil
Kind of crops raised
12. Does the accompanying map, filed with your application, show correctly the point of diversion, area of land irrigated, or place of use?
13. If not, wherein is such map in error?
14. Domestic use: Give number of families actually using water at this time *25*
15. If for power, mining, municipal, manufacturing, storage or any other purpose than irrigation, give extent and method of such use

Theodore E. Sims
Attorney-at-Law
1119 Yeon Building
522 Southwest Fifth Avenue
Portland, OR 97204

Dear Mr. Sims:

Thank you for the documents you sent related to the water right currently held by the estate of Harry D. Hoak.

Our records show the water right in question to be valid; the only way a water right can be lost is through voluntary abandonment or nonuse for a period of five or more consecutive years. If the right has been exercised in the manner described in the certificate during the intervening period, there can be no question about its validity.

Perfected water rights remain with the land regardless of ownership, any transfer by deed is neither necessary, nor appropriate. The copy of the warranty deed which you sent purports an assignment of the water right; there is no provision in the statutes for this. It is appropriate, however, that the real and personal property required to maintain the water system be deeded. This is a separate matter from the water right itself, and use of the system constitutes a property right.

At the time the certificate was issued, January 6, 1933, our records indicate the systems supplied 25 families. If there had been any additional units connected to the system since that time, they would not be covered under the water right. Perhaps this would be a good time to determine if additional users have been put on the system; if this is the case, a new application for a permit could be submitted to cover these uses. Such an application would establish a new priority for these uses, effective the date the application is received.

If you have any further questions, we will be pleased to respond.

Sincerely,

RALPH H. JACKSON, Supervisor
Application/Permit Section

C O P Y

February 27, 1963

Mrs. Helen Carrier
Box 129
Zigzag, Oregon

Dear Mrs. Carrier:

I assume that the water supply is a part of that covered by the certificate of water right issued in the name of J. S. Malcolmson, Welches, Oregon, on January 6, 1933, which was recorded at page 9826, Volume 9, State Record of Water Right Certificates. This certificate confirms the right to use of not to exceed 0.2 cubic foot per second from Minikahda Creek for domestic use of 25 families, in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 27, Township 2 South, Range 7 East, W.M., with a date of priority of August 5, 1924.

In addition to the above-described right we also have a certificate of record issued in the name of Minnie M. Hall December 7, 1936, which was recorded at page 11615, Volume 10, State Record of Water Right Certificates. This certificate confirms the right to use of not to exceed 0.05 cubic foot per second of water from Minikahda Creek for domestic, fire protection and the irrigation of a garden not exceeding 1/2 acre in area, non-commercial lawn within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 27, Township 2 South, Range 7 East, W.M., with a date of priority of June 19, 1933.

I do not have any stream flow records on Minikahda Creek. However, the sum of these two rights would be a fairly small stream. A separate filing made at this time would be subject to the existing rights being satisfied before you would be able to make any diversion or use of water. I note also that you are fairly close to Clear Creek, and it may be that you could obtain a satisfactory supply from this source. Either individually or as a group it would be necessary for you to file for and receive a permit in order to legally appropriate the water.

Mrs. Helen Currier

2

February 27, 1963

If water is furnished to the general public as domestic supply, you must also comply with the statutes and regulations of the State Board of Health concerning the purity of the water and testing for contamination. If you choose to drill a well as a source of supply, then no permit would be required for domestic supply, unless the demand exceeded 15,000 gallons per day.

Very truly yours,

CHRIS L. WHEELER
SState Engineer

STATE ENGINEER
RECEIVED
NOV 1 1932
SALEM, OREGON

Dear Sir:

I have made out my
proof of Appropriation of water, trust same is
according to Hoyle. I did not get all the pipe
line in I planned on - as they had me in the
hospital most of the summer - (heart) and it will
be two years before I can work again. The
depression ruined me with my bank account so
I can not hire. I have plans to go higher
about 500 feet with my head works install a
storage tank of about 250,000 gal and lay about
2000 feet more pipe line - but guess I had better
pull up as it stands now.

Yours Truly
John S. Malinson

October 27, 1931.

Mr. John S. Malcolmon,
Welches,
Oregon.

Dear Sir:

Your letter of October 11, indicates that you have exercised reasonable diligence in the prosecution of work under your Permit No. 6463 and I am, therefore, extending the time for completion of construction work and complete application of water until October 1, 1932.

I trust you will be able to complete your project and completely apply the water to a beneficial use within this new time limit.

Very truly yours

State Engineer.
Salem Ore.

I have not as yet put in the balance of pipe line as planned I had to construct and grade 2500 feet of streets which took considerable cash. Our district was closed this summer to travel which cut down my chances of sales. I have a few hundred feet of pipe on hand that I am planning on putting in this winter and hope to lay the balance next summer.

I built three settling tanks at my head works this summer.

Yours Truly,

John E. Malachuk

J. E. Grant

December 16, 1930.

Mr. S. S. Malcolmon,
Welches, Oregon.

Dear Sir:

As you were verbally informed yesterday while in this office, we are extending the time for completion of construction work and making complete application of water under permit No. 6463 for another year or until October 1st, 1931.

If, at the expiration of this time, you have completed the installation of all of your main pipe lines, it will be satisfactory for you to file the notice of completion of construction work--a form for which was handed you. You may also at that time submit an application for a further extension of time within which to completely apply the water. A blank for your use in making such application for extension of time will be furnished upon request.

Yours very truly,

CHARLES E. STRICKLIN

PERMIT No.

Application for Extension of Time

FOR COMPLETION OF CONSTRUCTION WORK AND COMPLETE APPLICATION OF WATER

TO THE STATE ENGINEER OF OREGON:

I, John S. Malcolmson, of Welches Ore
State of Ore, do hereby certify:

That I am the owner and holder of Permit No. 6463 to appropriate the public waters
of the state of Oregon.

Under the terms and conditions of said permit, construction work was required to be completed
and complete application of water was required to have been made by Oct 1, 1930.

That I have heretofore performed the following work described under said permit:

Laid 1500 feet - additional pipe. Total
~~2000~~ now laid, about 8000 ft. of 3 1/2" 2" and
2 1/4" pipe.

costing \$ 2500 =, and the estimated cost of completion is \$ 750 =.

That I have heretofore made application of water under said permit to the following extent:

Water used by about 23 families

That I am unable to complete construction work and make the complete application of water
within the required time, for the following reasons, to wit:

Laterals constructed and water used as demand
increased.

WHEREFORE, I ask that the State Engineer extend the time for completion of construction work
and for the complete application of water under said permit to Oct 1, 1931.

Dear Sir:-

Herewith you will find Application No. 9733, being Permit No. 6463, together with blue print. This application has been approved and recorded in this office.

August 27, 1927

Mr. J. S. Malcolmson,
1200 Laddington Court,
Portland, Oregon.

Dear Sir:

The statement made in your letter of August 24th and also upon your proof blank No. 6463 indicate that you contemplate some additional construction work and an enlarged use of water under this permit. If this is the case it is probable that you should not make your final proof at this time but that you should apply for an extension of time to complete the development.

My official receipt No. 6410 is enclosed for the \$1.00 which you paid as a recording fee for your water right certificate. Before issuing this certificate I will await your advice as to whether or not you wish to make proof at this time.

Yours very truly,

Rhea Imper,
State Engineer.

STATE ENGINEER
RECEIVED

JUN 16 1926

Dear Sir:

SALEM, OREGON

In regards to my water rights permit. will state that I have been unable to complete construction. I found upon flattening my place that I would have about 2100 feet of pipe line I have finished cleared said line - I also had to rebuild my Bridge to carry pipe line over Clear creek 100 feet. I have let the contract to dig ditch & lay pipe. - work to start June 15th - & will. or expect to be completed in one month. or about July 15.

I intended to make application

Earlier but was unable to
give definite information.
until I could get my
man on the job, he was
delayed a couple of weeks.

I therefore ask for an
extension of time to
complete said work.

Kindly extend time sufficient
to allow for some

un-~~for-~~delay the contractor
may have in his work.

Expect to have line in actual
use - as soon as work is
completed.

I just returned this a.m.
from the place & found your

Amended Map, prepared Dec. 15
1930 showing location of place of use
of water.

APPLICATION No. 9733
PERMIT No. 6463

December 9, 1930.

Mr. John B. Malcolmsen,
Welches,
Oregon.

Dear Sir:

I question the advisability of granting a further extension of time within which to complete construction work under Permit No. 6463. The record shows that you filed a notice of completion of construction and of complete application of water on June 15, 1927 and a final proof blank was sent to you on July 19, 1927. Again on November 25, 1930 you filed notice of complete application of water and a second proof blank was sent to you. It makes rather a complicated record to proceed indefinitely in this manner and I would suggest that if practical you complete the proof for the appropriation as actually made and cover any new development by the filing of a new application as suggested in your letter.

If you expect to call at the office in the near future to discuss this matter, we will take no action at this time.

Yours very truly,

CHAS. E. STRICKLIN,
State Engineer

Dear Sir:

In reference to making final
proof on my water project. (Permit 6463)
In view of fact that I intend to lay
more pipe on some streets I am offering
up. would like to have time extended
another year. In the meantime I
expect to call at your office to make
application for extension to supply a
tract adjoining my plot.

Yours Truly
John S. Macdonald

November 26, 1930.

Mr. John S. Malsolmson,
Welches,
Oregon.

Dear Sir:

We have received your letter dated November 22nd and the notice of complete application of water to beneficial use under Permit No. 6463. I have noted your statement that you would like to increase the right under this permit from 0.2 second foot to 2 second feet.

A permit cannot be amended or otherwise changed so as to increase the amount of water which may be appropriated thereunder. You may make your final proof under this permit and secure a water right certificate for 0.2 second foot, if that quantity has been used, but if you wish to use more than this quantity and to use water at points other than the ones described in the permit, you should file a new application.

As it appears that the appropriation under Permit No. 6463 has been completed, I am sending you a blank for making final proof. I am also enclosing an application form and instructions for your use in case a new application is submitted.

This proof blank under Permit No. 6463 should be carefully filled out giving a description of the pipe line constructed, its capacity and the number of people using water. It should then be signed by you and two witnesses before a Notary Public and returned to this office.

Yours very truly,

CHAS. E. STRICKLIN,
State Engineer

Dear Sir:

Am enclosing Form c.
Would like to know if it would be possible
for me to increase my filing as I
will soon need more water. Then present
calls for. I have been to a big expense
putting in my pipe line. and do not want
to be caught short.

Minipahda Creek - empties into Clear
Creek on my place. so it would not
damage any one. I have many users
and several more want water as soon as
I can extend line - Would like to
increase my filing to 2 second feet.

Yours Truly,
J. S. S. Malcolmson
Welches.
Ore

July 27, 1929

Mr. J. S. Malcomson,
Welches, Oregon.

Dear Sir:

This is to advise you that the time limit
for complete application under permit # 6463, has been
extended until October 1, 1930. We are enclosing a new
blank to be filled out and mailed to us at that time.

Trusting this meets with your approval,
I remain,

Yours very truly,

Max F. Rogers,
Assistant.

Rhead Lefur.

State Engineer.

Salem Ore.

Dear Sir.

In reference to letter of July 16 in regards to construction on water line (permit 6463) will say I have completed the 3000 feet I mentioned when I sent in my final papers on the original line and that I am now working on an additional 1500 feet and intend to lay 1500 feet more next season.

Yours Truly
John S. Malcolmson
Welches Ore.

Kindly change address from 1200 Laddington
Portland to Welches Ore.

"Minikahda."

STATE ENGINEER
RECEIVED

July 16, 1929

Mr. J. S. Malcolmson,
1200 Laddington Court,
Portland, Oregon.

Dear Sir:

You are requested to furnish this office with a letter at this time, stating whether or not you have completed the construction and complete application of water under you water Permit #6463.

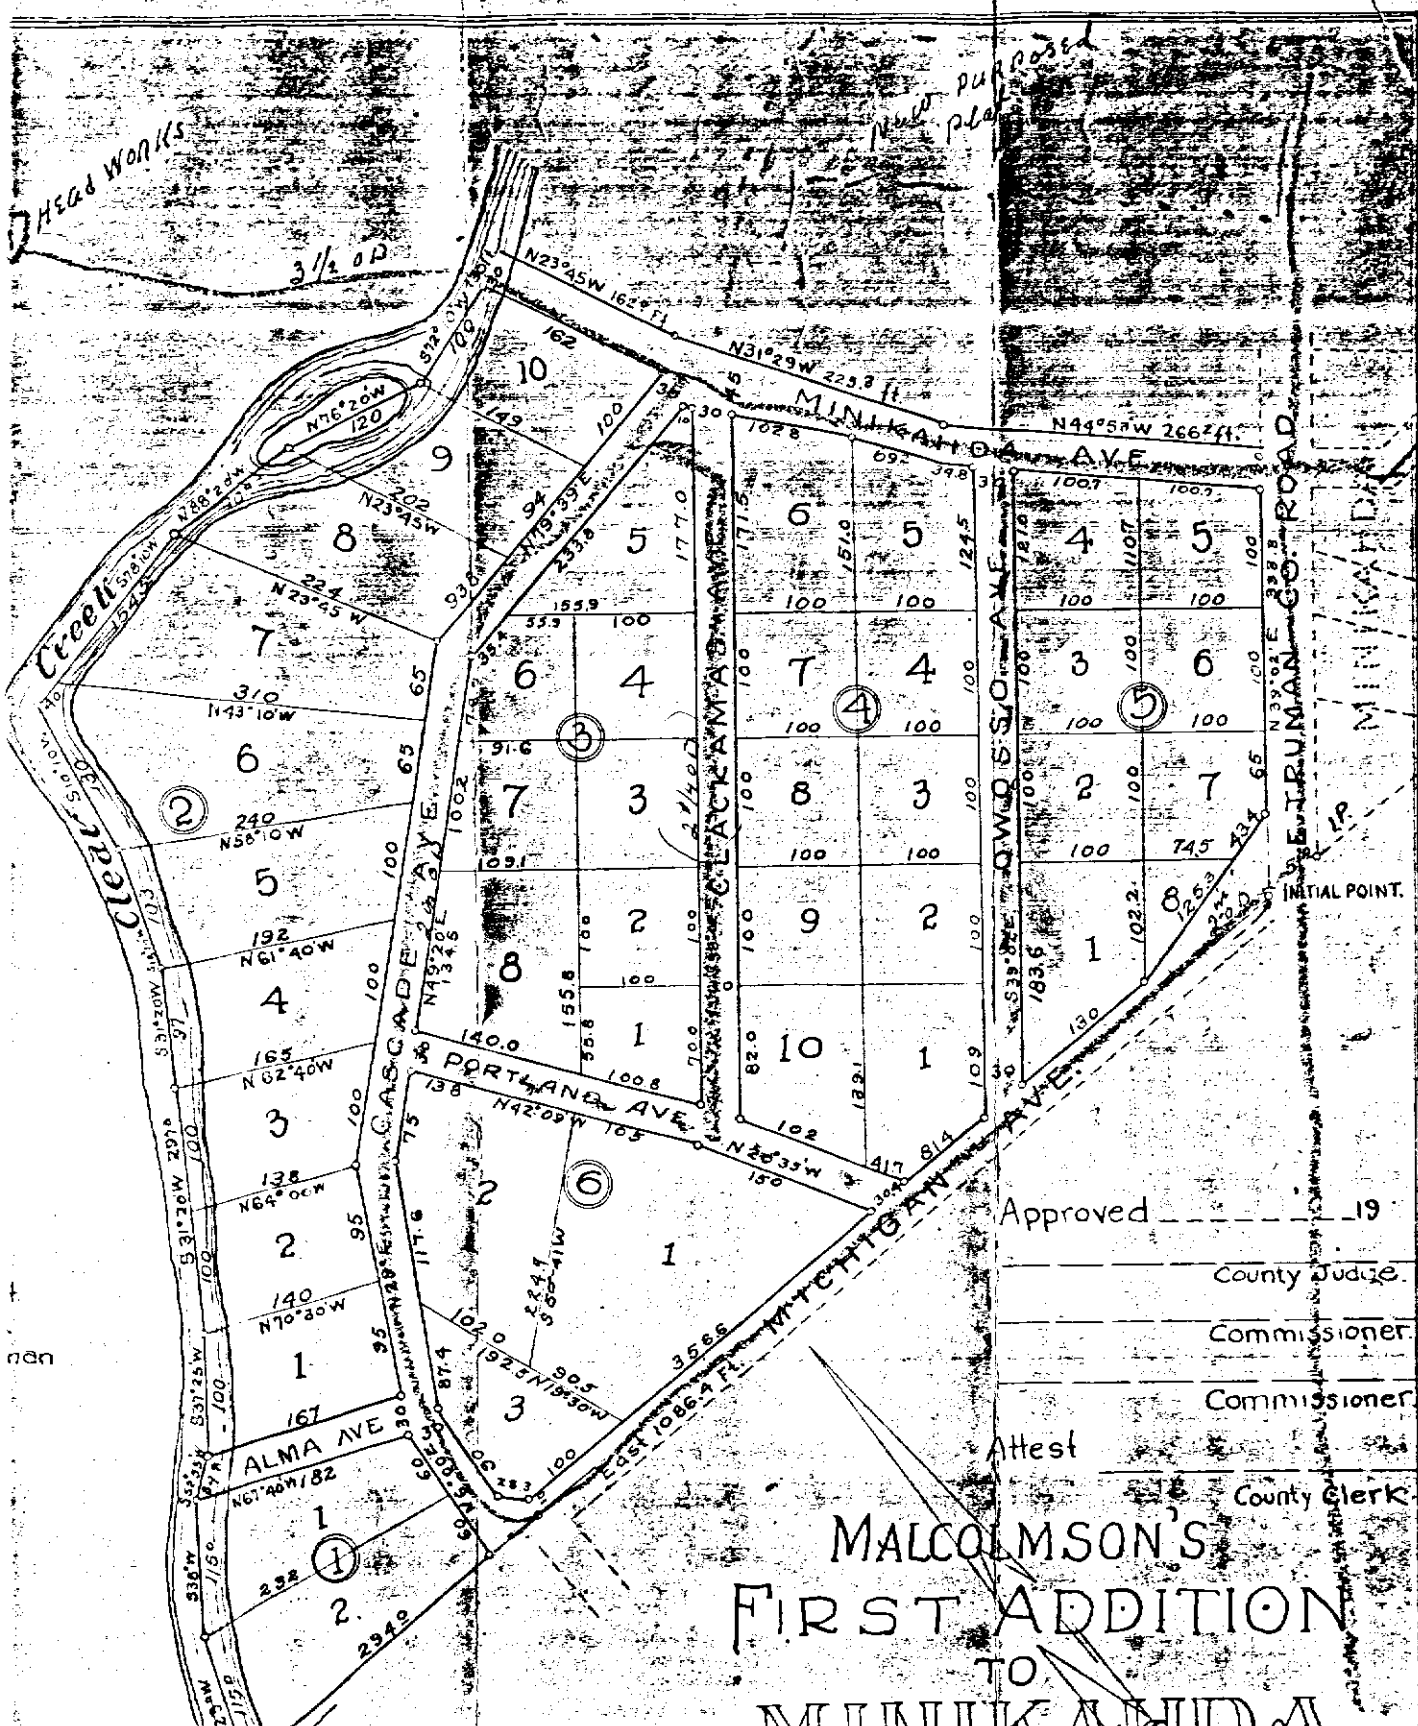

If the work has not been finished, and you need more time, we will be glad to grant an extension. In case the water has been completely applied, fill out the final proof blanks that were mailed to you July, 19, 1927, have them signed before a Notary Public, and return to this office. The \$1.00 fee for recording has already been paid.

Yours very truly,

REBEA LUPPER,
State Engineer,

By
Assistant.
