Number R-87950

**Rescinding Order**

***Appeal Rights***

This is a Final Order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

***Findings of Fact***

1. On March 19, 2015, the Department issued a Final Order and permit for Application R-87950.
2. Upon further review, the Department has determined that this may be a high hazard dam, therefore an inundation analysis must be submitted by the applicant for review prior to approval of dam plans and specifications.
3. Therefore, the Department is rescinding the March 19, 2015, Final Order and Permit for Application R-87950.

***Conclusions of Law***

1. The Director of the Water Resources Department concludes the Final Order and Permit R-15105, dated March 19, 2015, are withdrawn.

**Now, therefore, it is ORDERED:**

The Final Order for Application R-87950 and Permit R-15105, dated March 19, 2015, are rescinded and are of no further force or effect [OAR 137-004-0080(5)].

At a later date, the Department will issue a superseding Final Order and permit for Application R-87950.
