The Department issues this Correcting Final Order to correct a scrivener's error in the signature date on the Final Order issued April 17, 2015. The April 17, 2015 Final Order was incorrectly dated April 17, 2014.

Appeal Rights

This correcting final order is subject to judicial review by the Court of Appeals under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482(1). Pursuant to ORS 536.075 and OAR 137-003-0675, you may petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Application History

Permit G-16414 was issued by the Department on December 4, 2008. The permit called for completion of construction by October 1, 2013, and complete application of water to beneficial use by October 1, 2013. On October 15, 2013, the City of Harrisburg submitted an application to

the Department for an extension of time for Permit G-16414. In accordance with OAR 690-315-0050(2), on February 3, 2015, the Department issued a Proposed Final Order proposing to extend the time to complete construction to October 1, 2027 and to extend the time to fully apply water to beneficial use to October 1, 2027. The protest period closed March 20, 2015, in accordance with OAR 690-315-0060(1). No protest was filed.

FINDINGS OF FACT

The Department adopts and incorporates by reference the findings of fact in the Proposed Final Order dated February 3, 2015.

At time of issuance of the Proposed Final Order the Department concluded that, based on the factors demonstrated by the applicant, the permit may be extended subject to the following conditions:

CONDITIONS

1. Development Limitations

Appropriation of any water beyond 0.482 cfs (Certificate 86309) cfs under Permit G-16414 shall only be authorized upon issuance of a final order approving a Water Management and Conservation Plan (WMCP) under OAR Chapter 690, Division 86 that authorizes access to a greater rate of appropriation of water under the permit consistent with OAR 690-086-0130(7). The required WMCP shall be submitted to the Department within 3 years of this Correcting Final Order. The amount of water used under Permit G-16414 must be consistent with this and subsequent WMCP's approved under OAR Chapter 690, Division 86 on file with the Department.

The Development Limitation established in the above paragraph supersedes any prior limitation of the appropriation of water under Permit G-16414 that has been established under a prior WMCP issued by the Department.

The deadline established in this Extension of Time Correcting Final Order for submittal of a WMCP shall not relieve a permit holder of any existing or future requirement for submittal of a WMCP at an earlier date as established through other orders of the Department. A WMCP submitted to meet the requirements of this correcting final order may also meet the WMCP submittal requirements of other Department orders.

CONCLUSION OF LAW

The applicant has demonstrated good cause for the permit extension pursuant to ORS 537.630, 539.010(5) and OAR 690-315-0080(3).

ORDER

This Correcting Final Order is issued to replace the Final Order for Extension of Time for Permit G-16414 issued on April 17, 2015. The Final Order for Extension of Time for Permit G-16414 issued on April 17, 2015 is superseded and of no further force or effect.

The extension of time for Application G-16950, Permit G-16414, therefore, is approved subject to conditions contained herein. The deadline for completing construction is extended from October 1, 2013 to October 1, 2027. The deadline for applying water to full beneficial use within the terms and conditions of the permit is extended from October 1, 2013 to October 1, 2027.
