Salem, OR 97301

Dear Jerry,

I have enclosed our filled-out Ownership Update Form along with the necessary support documents. We purchased this parcel in May of 2002, and figured that you should have this information on file in order to reflect the current ownership of the parcel and the associated water right. If you would be so kind as to process this in the appropriate way, we would really appreciate it. Please contact me to let us know that this has been done (or if you need any further information). You may reach me by phone at 541-596-2562 or 2561. Alternately, you may drop me an email at bccorelse@frontiernet.net

Thanks again for your help in this matter.

Sincerely,

Robert H. Ziller,
Robert H. Ziller Co., Inc.

Certificate of Water Right Ownership Update

NOTICE TO SELLERS & BUYERS:

By law, all water belongs to the public (ORS 537.110). In almost every instance, a permit or water right certificate from the Water Resources Department is needed before using, diverting or storing water (ORS 537.130). However, most domestic wells do not require water rights. A certificate of water right stays with the land. In order to keep track of water right ownership, the Department requests that this form be submitted to the Department. *If for multiple rights, a separate form for each right will be required.*

Water that has been used for a long time in one place or that involves a water structure (like a dam) that already exists is no guarantee that there is a water right which would allow the water use to continue.

If you have any questions about this form or water right requirements, please contact your local watermaster or call the Water Resources Department at 503-986-0900.

Note: Please type or print legibly when filling in the following information. Use additional paper if necessary.
