Application History

Permit G-13882 was issued by the Department on March 7, 2001 and modified by Permit Amendment T-9713 on March 14, 2005. The permit called for complete application of water to beneficial use by October 1, 2005. On February 17, 2015, the Boring Water District 24 submitted an application to the Department for an extension of time for Permit G-13882. In accordance with OAR 690-315-0050(2), on April 14, 2015, the Department issued a Proposed Final Order: Permit G-13882

Final Order proposing to extend the time to fully apply water to beneficial use to October 1, 2030. The protest period closed May 29, 2015, in accordance with OAR 690-315-0060(1). No protest was filed.

FINDINGS OF FACT

The Department adopts and incorporates by reference the findings of fact in the Proposed Final Order dated April 14, 2015.

At time of issuance of the Proposed Final Order the Department concluded that, based on the factors demonstrated by the applicant, the permit may be extended subject to the following conditions:

CONDITIONS

1. Development Limitations

Appropriation of any water beyond 1.73 cfs up to 6.04 cfs under Permit G-13882 shall only be authorized upon issuance of a final order approving a Water Management and Conservation Plan (WMCP) under OAR Chapter 690, Division 86 that authorizes access to a greater rate of appropriation of water under the permit consistent with OAR 690-086-0130(7). The required WMCP shall be submitted to the Department within 3 years of this Final Order. The amount of water used under Permit G-13882 must be consistent with this and subsequent WMCP's approved under OAR Chapter 690, Division 86 on file with the Department.

The deadline established in this Extension Final Order for submittal of a WMCP shall not relieve a permit holder of any existing or future requirement for submittal of a WMCP at an earlier date as established through other orders of the Department. A WMCP submitted to meet the requirements of this final order may also meet the WMCP submittal requirements of other Department orders.

CONCLUSION OF LAW

The applicant has demonstrated good cause for the permit extension pursuant to ORS 537.630, 539.010(5) and OAR 690-315-0080(3).

ORDER

The extension of time for Application G-15184, Permit G-13882, therefore, is approved subject to conditions contained herein. The deadline for applying water to full beneficial use within the terms and conditions of the permit is extended from October 1, 2005 to October 1, 2030.
