Mr. Irvin R. Payne
Toledo, Oregon

Dear Sir:

This acknowledges receipt of Forms A, B, and C, being notices of the beginning of construction work, the completion of construction work and the complete application of water under Permit No. 13760.

The matter of issuance of the certificate under this permit will be given consideration as soon as a representative from this office can make an inspection of the project covered by the permit, which probably will not be until next season, for the purpose of checking the irrigated acreage, location, etc., preparatory to final proof, which proof can cover only the acreage which has actually been irrigated. In the meantime, the permit which you hold will be valid and sufficient evidence of the water right.

Very truly yours,

CHAS. E. STRICKLIN
State Engineer
