Application S-22461, Permit S-17712, Certificate 22306

Regarding Application G-17792, Permit G-17925 the assignment from Bert Siddoway to Zions First National Bank has been recorded in the records of the Water Resources Department.

The Departments records will now show Zions First National Bank as the permit holder of record.

Regarding Application S-62167, and Application S-22461, these applications have been perfected as evidenced by the issuance of a certificate. There is no need for an assignment as a certified right is appurtenant to the land and therefore goes with the land at time of sale.

Our records have been changed accordingly and the original request is enclosed. Receipt number 116213 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit requires complete application of water to the proposed use by September 12, 2019, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE).

Sincerely,

Jerry Sauter
