Reference: Application G-15225, Permit G-14076

The partial assignment from Mark Handy to Northwest Christian Community Foundation has been recorded in the records of the Water Resources Department.

The Departments records will now show Northwest Christian Community Foundation and Paul Burnham as the permit holders of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 116692 covering the recording fee has been mailed to Mark Handy..

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by October 1, 2006, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). A Claim of Beneficial use has been submitted to the Department and will be reviewed in the future.

Sincerely,

Jerry Sauter
Water Rights Program Analyst
