Application for a Permit to Store Water in a Reservoir

(Alternate Review)

Alternate Review Process (ORS 537.409): You may use this form for any reservoir storing less than 9.2 acre-feet or with a dam less than 10 feet high.

Use a separate form for each reservoir

Please type or print in dark ink. If your application is found to be incomplete or inaccurate, we will return it to you. If any requested information does not apply, insert "n/a". A summary of review criteria and procedures that are generally applicable to these applications is available at www.wrd.state.or.us/OWRD/PUBS/forms.shtml.

1. APPLICANT INFORMATION

Applicant: The Meadow on Pitney Pond, LLC (Steve Harer)
First Last
 Mailing Address: 11326 Rainier Ave S.
Seattle WA 98178
City State Zip
 Phone: _____ 206-949-3435
Home Work Other

Fax: _____ E-Mail Address*: steveharer@gmail.com

* By providing an e-mail address, consent is given to receive all correspondence from the department electronically. (paper copies of the final order documents will also be mailed.)

2. AGENT INFORMATION

The agent is authorized to represent the applicant in all matters relating to this application.

Agent: John McGee **RECEIVED BY OWRD**
First Last
 Mailing Address: PO Box 1472
Philomath OR 97370 **SEP 18 2015**
City State Zip
 Phone: _____ 541-929-4226 541-207-7605 **SALEM, OR**
Home Work Other

Fax: 541-929-4227 E-Mail Address*: JohnMcGee@JDMcGee.com

* By providing an e-mail address, consent is given to receive all correspondence from the department electronically. (paper copies of the final order documents will also be mailed.)

3. LOCATION AND SOURCE

A. Reservoir Name: Pitney Pond

B. Source: Provide the name of the water body or other source from which water will be diverted, and the name of the stream or lake it flows into. Indicate if source is run-off, seepage, or an unnamed stream or spring.
 Source: Surface water runoff Tributary to: Flat Creek

C. County in which diversion occurs: Lane

App. No. <u>R-88129</u>	For Department Use	Date _____
	Permit No. _____	

D. Reservoir Location

Township (N or S)	Range (E or W)	Section	quarter/quarter	tax lot number
16S	4W	6	NW/NE	900

E. Dam: Maximum height of dam: "zero feet" feet. If excavated, write "zero feet".

F. Quantity: Amount of water to be stored in the reservoir at maximum capacity. List volume in acre-feet: 6.7

Is this project fully or partially funded by the American Recovery and Reinvestment Act? (Federal stimulus dollars) Yes No

4. WATER USE

Indicate the proposed use(s) of the stored water. **NOTE: You may wish to consider filing for "Multipurpose use" for your reservoir. Multipurpose use does not limit the types of future uses for the stored water. Multipurpose covers all uses including: stockwater, fish and wildlife, aesthetics, domestic, irrigation, agriculture, fire protection and pollution abatement.** If any use will be out of reservoir use, regardless of the type of storage listed, a secondary application must be filed to appropriate the stored water.

Multipurpose - Storm water from the private community is routed through the pond to enhance water quality prior to discharge. Hydrologic control of storm water also relieves some of the stress from the down stream storm drain system. The pond functions as a landscape feature (aesthetic value) in a private community common area park.

5. PROPERTY OWNERSHIP

RECEIVED BY OWRD

Please provide a copy of the recorded deed(s).

Do you own all the land where you propose to divert, transport, and use water?

SEP 18 2015

Yes (please check appropriate box below then skip to section 5)

There are no encumbrances

SALEM, OR

This land is encumbered by easements, right of way, roads of way, roads or other encumbrances

No (Please check the appropriate box below)

I have a recorded easement or written authorization permitting access.

I do not currently have written authorization or easement permitting access.

Written authorization or an easement is not necessary, because the only affected lands I do not own are state-owned submersible lands, and this application is for irrigated and/or domestic use only (ORS 274.040). (Do not check this box if you described your use as "Multipurpose" in #3 above.)

List the names and mailing addresses of all affected landowners:

6. ENVIRONMENTAL IMPACT

- A. **Channel:** Is the reservoir: in-stream or off channel?
 - B. **Wetland:** Is the project in a wetland? Yes No Don't know
 - C. **Existing:** Is this an existing reservoir? Yes No
If yes, how long has it been in place? 19+ _____ years.
 - D. **Fish Habitat:** Is there fish habitat upstream of the proposed structure? Yes No Don't know
If yes, how much? _____ miles.
 - E. **Partnerships:** Have you been working with other agencies? Yes No
- Indicate agency, staff and phone numbers of those involved. Also indicate any agencies that are cost sharing in this project.

NA

7. WITHIN A DISTRICT

Check here if the point of diversion or place of use are located within or served by an irrigation or other water district.

Irrigation District Name NA	Address	
City	State	Zip

8. DESCRIPTION

Provide a description of the design and operation of the proposed diversion, including a description of how live flow will be passed outside the authorized storage season. Use this space for narrative. You may also provide narrative and sketches on separate pages.

The following narrative was copied from Application R-81243:

"The facility is an existing pond originally constructed as a gravel pit. An earth berm is constructed around a portion of the pond with the remaining perimeter is located at a original ground level. The lowest elevation in the perimeter is a ground level located on the north end of the pond at approximate elevation 323 feet MSL. Overflow from the pond will not breach any constructed embankment. No alterations or modification to the existing pond are proposed except for the construction of an inlet and a discharge pipe. During storm events excess storm water will be allowed to surge into the pond through both pipes (the outlet pipe will also serve as an inlet pipe). As the storm event subsides, detained water will be discharged a a controlled rate through the outlet pipe. Pipe invert elevations in the pond will be constructed at 318.3 feet MSL."

As the narrative above describes, the pipe system which feeds and releases water from the pond, by design, is located 5 feet below the "the lowest elevation in the perimeter". By GPS topographic survey, it was determined that the difference between the upland and water surface is approximately 3-4 feet. Therefore, by subtracting the difference, it is believed that the pipe invert is 2 feet below the water surface. The pipe is not visible below the water surface so the best evidence of operation is the original application.

A maximum storage volume was calculated from a GPS topographic survey, assuming a level surface 3.7 feet above the observed water surface elevation.

RECEIVED BY OWRD

SEP 18 2015

SALEM, OR

R-88129

If the diversion involves a dam, use this space for sketches of the diversion (e.g. cross-section of the dam with its dimensions, dimension and placement of outlet pipe, means of passing live flow outside of the authorized storage season, and means for providing fish passage).

NA - No Dam

9. SIGNATURE

I swear that all statements made and information provided in this application are true and correct to the best of my knowledge.

T. Steve Hansen
Landsowner Signature

June 14, 2015
Date

Before you submit your application be sure you have:

- Answered each question completely.
- Included a legible map that includes Township, Range, Section, quarter-quarter and tax lot number.
- The map must meet map requirements to be accepted.
- Included a land use form or receipt stub signed by a local planning official.
- Included a check payable to Oregon Water Resources Department for the appropriate amount.

WATERMASTER ALTERNATE RESERVOIR APPLICATION REVIEW SHEET

Recommendations for Water Right Applications under the Alternate Reservoir review process (ORS 537.409)

In lieu of the water right application process set forth in ORS 537.140 to 537.211, an owner of a reservoir may submit an alternate reservoir application for a reservoir that has a storage capacity less than 9.2 acre-feet or a dam or impoundment structure less than 10 feet in height. ORS 537.409 describes the criteria used to evaluate alternate reservoir applications.

The review shall be limited to issues pertaining to: a) water availability, b) potential detrimental impact to existing fishery resources; and c) potential injury to existing water rights. (ORS 537.409 (6))

Within 60 days after the department provides public notice...any person may submit detailed, legally obtained information in writing, requesting the department to deny the application for a permit on the basis that the reservoir: (a) Would result in injury to an existing water right; or (b) Would pose a significant detrimental impact to existing fishery resources. (ORS 537.409 (5))

The review of alternate reservoirs is limited to these criteria only.

Application #: R-

Applicant's Name:

The Meadow on Pitney Pond - (John Harper)

1) Does the proposed reservoir have the potential to injure existing water rights? NO YES

Explain:

This is a gravel pit that will fill during storm events store November 1 → June 30

2) Can conditions be applied to mitigate the potential injury to existing water rights? NO YES

If YES, which conditions are recommended:

if necessary

3) Did you meet with staff from another agency to discuss this application? NO YES

SALEM, OR

ODFW Alternate Reservoir Application Review Sheet

This portion to be completed by the applicant.

Applicant Name/Address/Phone/Email: THE MEADOW ON PITNEY POND LLC (STEVE HARER)
11326 RAINIER AVES., SEATTLE, WA 98178
STEVEHARER@GMAIL.COM (JOHN MCGEE CWRE-AGENT JOHN.MCGEE@JDMCGEE.GOV)

Reservoir Name: PITNEY POND Source: SURFACE WATER RUNOFF Volume (AF): 6.7

Twp Rng Sec QQ: T16S R4W SEC 6 NW NE Basin Name: LONG TOM in-channel
 off-channel

Note: It is unlikely that ODFW will be able to complete this form while you wait, nevertheless we recommend making an appointment to submit the form so as to provide any necessary clarifications. See pg. 6 of Instructions for contact information.

This portion to be completed by Oregon Department of Fish and Wildlife (ODFW) District staff.

1) Is the proposed project and AO¹ off channel? YES NO
 (if yes then proceed to #4; if no then proceed to #2)

2) Is the proposed project or AO located where NMF² are or were historically present? YES NO
 (if yes then proceed to #3; if no then proceed to #4) RECEIVED BY OWRD

3) If NMF are or were historically present: SEP 18 2015
 a. Is there an ODFW-approved fish-passage plan?..... YES NO
 b. Is there an ODFW-approved fish-passage waiver or exemption?..... YES NO
 SALEM, OR

If fish passage is required under ORS 509.580 through .910, then either 3(a) or 3(b) must be "Yes" to move forward with the application. If responses to 3(a) and 3(b) are "No", then the proposed reservoir does not meet the requirements of Oregon Fish Passage Law and shall not be constructed as proposed.

4) Would the proposed project pose any other significant detrimental impact to an existing fishery resource locally or downstream? YES NO
 Explain below (for example, list STE species or other existing fishery resources that would be impacted negatively.)

- Any diversion or appropriation of water for storage during the period _____ through _____ poses a significant detrimental impact to existing fishery resources. (For example, if diversion of water for storage during a certain time period would cause a significant detrimental impact to an existing fishery resource, then ODFW should recommend conditions or limitations.) If NMF fish are present at the project site or point of water diversion then the applicant should be advised that a fish screen consistent with screening criteria will be required.
- This proposed pond or reservoir contemplates impounding water in the Columbia Basin above Bonneville Dam. ODFW has determined that additional diversions of water in this area pose a significant detrimental impact to existing fishery resources during the period April 15 through September 30.

POTENTIAL TO RELEASE NON NATIVE SPECIES INTO LOCAL WATERWAYS.

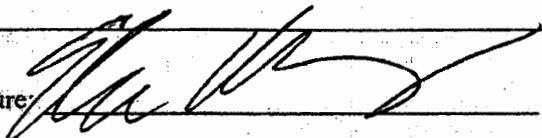

¹ AO = Artificial Obstruction means any dam, diversion, culvert or other human-made device placed in waters of this state that precludes or prevents the migration of native migratory fish. ORS 509.580 (1)

² NMF = Native Migratory Fish Species in Oregon as defined by OAR 635 - 412 - 0005 (32)

R-88129

If YES, can conditions be applied to mitigate the significant detrimental impact to an existing fishery resource?
 NO (explain) YES (select from Menu of Conditions on next page)

fishmay: If fish are extant in the pond, or if fish are added to the pond in the future then the two outlet pipes currently covered by grates should also be screened so that no fish in the pond are able to leave the pond during high winter flow.

For Local Government Use Only

The following section must be completed by a planning official from each county and city listed unless the project will be located entirely within the city limits. In that case, only the city planning agency must complete this form. This deals only with the local land-use plan. Do not include approval for activities such as building or grading permits.

Please check the appropriate box below and provide the requested information

- Land uses to be served by the proposed water uses (including proposed construction) are allowed outright or are not regulated by your comprehensive plan. Cite applicable ordinance section(s): _____
- Land uses to be served by the proposed water uses (including proposed construction) involve discretionary land-use approvals as listed in the table below. (Please attach documentation of applicable land-use approvals which have already been obtained. Record of Action/land-use decision and accompanying findings are sufficient.) **If approvals have been obtained but all appeal periods have not ended, check "Being pursued."**

Type of Land-Use Approval Needed (e.g., plan amendments, rezones, conditional-use permits, etc.)	Cite Most Significant, Applicable Plan Policies & Ordinance Section References	Land-Use Approval:	
		<input type="checkbox"/> Obtained <input type="checkbox"/> Denied	<input type="checkbox"/> Being Pursued <input type="checkbox"/> Not Being Pursued
		<input type="checkbox"/> Obtained <input type="checkbox"/> Denied	<input type="checkbox"/> Being Pursued <input type="checkbox"/> Not Being Pursued
		<input type="checkbox"/> Obtained <input type="checkbox"/> Denied	<input type="checkbox"/> Being Pursued <input type="checkbox"/> Not Being Pursued
