Watermaster Review Form:
Water Right Transfer

Transfer Application: T-10340

Review Due Date: 4-25-07

Applicant Name: Lane Pollock, Pollock & Sons Inc.

Proposed Changes: [X] POU [] POD [] POA [] USE [] OTHER

Reviewer(s): Tony Justus

Date of Review: Apr. 3, 2007

- 1. Do you have information suggesting that the water rights may be subject to forfeiture? [X] Yes [] No If "Yes", describe the information and indicate if you intend to file a cancellation affidavit or if you need additional time to determine if a cancellation affidavit should be filed: Aerial photo furnished with the application materials indicate the area is served by circl irrigation. How has water been used in the areas outside of the circle service areas? I do not intend to file cancellation affidavits as I do not have sufficient personal knowledge.
2. Is there a history of regulation on the source that serves the right proposed for transfer that has involved the right and downstream water rights? [] Yes [X] No Generally characterize the frequency of any regulation or explain why regulation has not occurred:
3. Check here if it appears that downstream water rights benefit from return flows resulting from the current use of the right? [] If you check the box, generally characterize the locations where the return flows likely occur and list the water rights that benefit most: NA
4. Are there upstream water rights that would be affected by the proposed change? [] Yes [] No If "Yes", describe how the rights would be affected and list the rights most affected: NA
5. For POD changes and instream transfers, check here if there are channel losses between the old and new PODs or within the proposed instream reach? [] If you check the box, describe and, if possible, estimate the losses: NA
6. Would distribution of water for the right after the proposed change result in regulation of other water rights that would not have occurred if use of the existing right was maximized? [] Yes [] No If "Yes", explain: Don't know, don't think so.
7. For POU changes, would the original place of use continue to receive water from the same source? [] Yes [X] No [] N/A If "Yes", explain:
8. For POU or USE changes, would use of the existing right at "full face value," result in the diversion of more water than can be used beneficially and without waste? [] Yes [X] No If "Yes", explain:
9. Are there other issues not identified through the above questions? [] Yes [X] No If "Yes", explain:
