Reference: Application G-15539; Permit G-15111

The assignment from Kandra Five Farm; Gordon Kandra and Kandra Five Farm; Loren Kandra to Loren Kandra has been recorded in the records of the Water Resources Department.

The Departments records will now show Loren Kandra as the permit holder of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 117869 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit(s) to be familiar with the conditions and timelines contained in the permit(s).

Please note that this permit required complete application of water to the proposed use by October 1, 2006 and extended to October 10, 2015, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claim of beneficial use has not been received by the Department. This places this permit at risk of cancelation proceedings being started.

Sincerely,

Jerry Sauter  
Water Rights Program Analyst  
Water Right Services Division
