Reference: Application 14605, Permit G-13570

The partial assignment from George Rogers and Rogers Associates Oregon to Nursery Holdings, LLC has been recorded in the records of the Water Resources Department.

The Department's records will now show, Nursery Holdings, LLC, George Rogers and Rogers Associates Oregon, George and Lucette Wilder, A&R Spada Farms, LLC, and Brian Rissberger as the permit holders of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 117767 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by October 1, 2010, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claims of beneficial use have been received by the Department for A&R Spada Farms, LLC and Brian Rissberger. This places the remainder of the permit at risk of not being certificated.

Sincerely,

Jerry Sauter
