

**BEFORE THE WATER RESOURCES DEPARTMENT
OF THE STATE OF OREGON**

In the Matter of Water Rights Application)
S-88131, Jackson County)

FINAL ORDER
APPROVING THE USE OF
STORED WATER

Authority

ORS 537.147 establishes the process by which an application to use stored water exclusively may be submitted. OAR Chapter 690, Divisions 310 and 340 implement the statute, and provide the Department's procedures and criteria for evaluating applications to use stored water.

Findings of Fact

1. On September 22, 2015, LESLIE C. AND RACHAEL A. MARTIN submitted an application for a water-use permit pursuant to ORS 537.147. The Department provided public notice of the application in the Department's weekly public notice on October 6, 2015. A 30-day comment period followed.
2. The Department has evaluated the application and any comments received, and finds that no public interest in ORS 537.170(8) would be affected adversely by the proposed use.

Conclusions of Law

Application S-88131 is consistent with the requirements of ORS 537.147 and OAR Chapter 690.

Now Therefore, it is Ordered:

Application S-88131 is approved pursuant to ORS 537.147. **Upon payment of the permit recording fee of \$450 and upon submission of an executed and valid contract with the Bureau of Reclamation authorizing appropriation of stored water from Applegate Reservoir,** a permit shall be issued authorizing the proposed water use. Failure to meet this requirement within 60 days from the date of this Final Order may result in the proposed rejection of the application.

If you need to request additional time, your written request should be received in the Salem office of the Department within 60 days of this Final Order. The Department will evaluate the request and determine whether or not the request may be approved.

Dated at Salem, Oregon on DECEMBER 23 2015.
