Reference: File(s) P-75253 (pond #11)  
Determination: **EXEMPT**

Your exempt reservoir notice has been forwarded to my office for a determination whether your reservoir(s) are exempt from requiring a water right permit or certificate under the process arising from House Bill 2153.

ORS 537.141 (1) (d) exempts "reservoirs that store less than 9.2 acre-feet of water or with dams less than 10 feet in height, that are located off-channel and outside the immediate riparian areas, that do not divert water from a natural stream, lake, or other on-channel source and that were constructed before January 1, 1993".

The information contained in notice(s) of exempt reservoir for file(s) P-75253 list the source of water for the reservoir(s) (pond #11) as spring. None of the reservoir(s) claim to have a dam higher than 10 feet or store more than 9.2 acre-feet.

From review of the information contained with the file, my determination is the reservoir(s) **ARE EXEMPT**.

I encourage you to keep this letter with the other important property records that you keep.

If you have questions, feel free to contact me at the address or telephone number above.

Sincerely,

Rick Lusk  
Watermaster District #6
