Application for a Permit to

Store Water in a Reservoir

(Alternate Review)

Alternate Review Process (ORS 537.409): You may use this form for any reservoir storing less than 9.2 acre-feet *or* with a dam less than 10 feet high.

Use a separate form for each reservoir

Please type or print in dark ink. If your application is found to be incomplete or inaccurate, we will return it to you. If any requested information does not apply, insert "n/a". A summary of review criteria and procedures that are generally applicable to these applications is available at www.wrd.state.or.us/OWRD/PUBS/forms.shtml.

1. APPLICANT INFORMATION

Applicant: Jonathan (First) Christie (Last)

Mailing Address: 38165 Richardson Gap Rd.

Scio (City) Oregon (State) 97374 (Zip)

Phone: (503) 394-3192 (Home) (Work) (541) 979-4837 cell (Other)

Fax: (503) 394-3192 E-Mail Address*: christie@smt-net.com

* By providing an e-mail address, consent is given to receive all correspondence from the department electronically. (paper copies of the final order documents will also be mailed.)

2. AGENT INFORMATION

The agent is authorized to represent the applicant in all matters relating to this application.

Agent: (First) (Last)

Mailing Address:

(City) (State) (Zip)

Phone: (Home) (Work) (Other)

Fax: E-Mail Address*:

* By providing an e-mail address, consent is given to receive all correspondence from the department electronically. (paper copies of the final order documents will also be mailed.)

RECEIVED BY OWRD

RECEIVED BY OWRD
JAN 21 2016
SALEM, OR

3. LOCATION AND SOURCE

A. Reservoir Name: N/A

B. Source: Provide the name of the water body or other source from which water will be diverted, and the name of the stream or lake it flows into. Indicate if source is run-off, seepage, or an unnamed stream or spring.

Source: seepage & spring, rain Tributary to: N/A

C. County in which diversion occurs: Linn

For Department Use

App. No. R-88174 **Permit No.** _____ **Date** _____

D. Reservoir Location

Township (N or S)	Range (E or W)	Section	quarter/quarter	tax lot number
10S	01W	22	NE1/4 SW 1/4 N 1/2	301

E. Dam: Maximum height of dam: 8 feet feet. If excavated, write "zero feet".

F. Quantity: Amount of water to be stored in the reservoir at maximum capacity. List volume in acre-feet: EST 2.00

Is this project fully or partially funded by the American Recovery and Reinvestment Act? (Federal stimulus dollars) ☐ Yes ☑ No

4. WATER USE

Indicate the proposed use(s) of the stored water. **NOTE: You may wish to consider filing for "Multipurpose use" for your reservoir. Multipurpose use does not limit the types of future uses for the stored water. Multipurpose covers all uses including: stockwater, fish and wildlife, aesthetics, domestic, irrigation, agriculture, fire protection and pollution abatement.** If any use will be out of reservoir use, regardless of the type of storage listed, a secondary application must be filed to appropriate the stored water.

multi-purpose

5. PROPERTY OWNERSHIP

Please provide a copy of the recorded deed(s).

Do you own all the land where you propose to divert, transport, and use water?

☑ **Yes** *(please check appropriate box below then skip to section 5)*

☐ There are no encumbrances

☑ This land is encumbered by easements, right of way, roads of way, roads or other encumbrances

☐ **No** *(Please check the appropriate box below)*

☐ I have a recorded easement or written authorization permitting access.

☐ I do not currently have written authorization or easement permitting access.

☐ Written authorization or an easement is not necessary, because the only affected lands I do not own are state-owned submersible lands, and this application is for irrigated and/or domestic use only (ORS 274.040). (Do not check this box if you described your use as "Multipurpose" in #3 above.)

List the names and mailing addresses of all affected landowners:

6. ENVIRONMENTAL IMPACT

A. Channel: Is the reservoir: ☐ in-stream or ☑ off channel?
B. Wetland: Is the project in a wetland? ☐ Yes ☑ No ☐ Don't know
C. Existing: Is this an existing reservoir? ☐ Yes ☑ No
If yes, how long has it been in place? _____ years.
D. Fish Habitat: Is there fish habitat upstream of the proposed structure? ☐ Yes ☑ No ☐ Don't know
If yes, how much? _____ miles.
E. Partnerships: Have you been working with other agencies? ☑ Yes ☐ No
Indicate agency, staff and phone numbers of those involved. Also indicate any agencies that are cost sharing in this project.

NRCS = Kelly Albers, PE = (541) 967-5925 x114 kelly.albers@or.usda.gov

7. WITHIN A DISTRICT

☐ Check here if the point of diversion or place of use are located within or served by an irrigation or other water district.

Irrigation District Name	Address	
City	State	Zip

8. DESCRIPTION

Provide a description of the design and operation of the proposed diversion, including a description of how live flow will be passed outside the authorized storage season. Use this space for narrative. You may also provide narrative and sketches on separate pages.

Pond will be excavated into an existing hillside depression. Existing clay soil will form earthen dam on open side of depression. Existing seepage and spring feed will fill pond. Spillway will exit to existing ditch system of field. Berm may include soil from uphill side of proposed pond. Habitat trees of oak and ash will be planted in pond area. Pond will be fenced away from livestock use.

Consultation from NRCS listing specific design ideas is attached along with a contour map.

If the diversion involves a dam, use this space for sketches of the diversion (e.g. cross-section of the dam with its dimensions, dimension and placement of outlet pipe, means of passing live flow outside of the authorized storage season, and means for providing fish passage).

9. SIGNATURE

I swear that all statements made and information provided in this application are true and correct to the best of my knowledge.

Landowner Signature

01/16/2016
Date

Before you submit your application be sure you have:

- Answered each question completely.
- Included a legible map that includes Township, Range, Section, quarter-quarter and tax lot number.
- The map must meet map requirements to be accepted.
- Included a land use form or receipt stub signed by a local planning official.
- Included a check payable to Oregon Water Resources Department for the appropriate amount.

WATERMASTER ALTERNATE RESERVOIR APPLICATION REVIEW SHEET

Recommendations for Water Right Applications under the Alternate Reservoir review process (ORS 537.409)

In lieu of the water right application process set forth in ORS 537.140 to 537.211, an owner of a reservoir may submit an alternate reservoir application for a reservoir that has a storage capacity less than 9.2 acre-feet **or** a dam or impoundment structure less than 10 feet in height. ORS 537.409 describes the criteria used to evaluate alternate reservoir applications.

The review shall be limited to issues pertaining to: a) water availability, b) potential detrimental impact to existing fishery resources; and c) potential injury to existing water rights. (ORS 537.409 (6))

Within 60 days after the department provides public notice...any person may submit detailed, legally obtained information in writing, requesting the department to deny the application for a permit on the basis that the reservoir: (a) Would result in injury to an existing water right; or (b) Would pose a significant detrimental impact to existing fishery resources. (ORS 537.409 (5))

The review of alternate reservoirs is limited to these criteria only.

Application #: R- **Applicant's Name:** Jonathan Christe

10 S 1W Sec 22 tl 301

1) Does the proposed reservoir have the potential to injure existing water rights? ☒ NO ☐ YES

Explain: It proposes to store run-off : seepage & spring rains and is over 2000' ~~to~~ from an un-named trib to Crabtree Creek. This water does not reach the creek overland

2) Can conditions be applied to mitigate the potential injury to existing water rights? ☐ NO ☒ YES

If YES, which conditions are recommended: if needed

3) Did you meet with staff from another agency to discuss this application? ☒ NO ☐ YES

Who: Agency: Date:

Who: Agency: Date:

ODFW Alternate Reservoir Application Review Sheet

This portion to be completed by the applicant.

Applicant Name/Address/Phone/Email: Jonathan E. Christie

38165 Richardson Gap Rd. Scio, OR 97374 (503) 394-3192 christie@smt-net.com

Reservoir Name: n/a Source: seepage/rain Volume (AF): 0.97

Twp Rng Sec QQ: 10S01W22 301 Basin Name: ☐ in-channel ☒ off-channel

Note: It is unlikely that ODFW will be able to complete this form while you wait, nevertheless we recommend making an appointment to submit the form so as to provide any necessary clarifications. See pg. 6 of Instructions for contact information.

This portion to be completed by Oregon Department of Fish and Wildlife (ODFW) District staff.

1) Is the proposed project and AO[1] off channel? ..... ☒ **YES** ☐ **NO**
(if yes then proceed to #4; if no then proceed to #2)

2) Is the proposed project or AO located where NMF[2] <u>are or were historically</u> present?..... ☐ **YES** ☐ **NO**
(if yes then proceed to #3; if no then proceed to #4)

3) If NMF <u>are or were historically</u> present:
a. Is there an ODFW-approved fish-passage plan?..... ☐ **YES** ☐ **NO**
b. Is there an ODFW-approved fish-passage waiver or exemption?..... ☐ **YES** ☐ **NO**

If fish passage is required under ORS 509.580 through .910, then either 3(a) or 3(b) must be "Yes" to move forward with the application. If responses to 3(a) and 3(b) are "No", then the proposed reservoir <u>does not meet</u> the requirements of Oregon Fish Passage Law and <u>shall not</u> be constructed as proposed.

4) Would the proposed project pose any other significant detrimental impact to an existing fishery resource locally or downstream?..... ☐ **YES** ☒ **NO**
Explain below (for example, list STE species or other existing fishery resources that would be impacted negatively.)

☐ Any diversion or appropriation of water for storage during the period _____ through _____ poses a significant detrimental impact to existing fishery resources. *(For example, if diversion of water for storage during a certain time period would cause a significant detrimental impact to an existing fishery resource, then ODFW should recommend conditions or limitations.)* If NMF fish are present at the project site or point of water diversion then the applicant should be advised that a fish screen consistent with screening criteria will be required.

☐ This proposed pond or reservoir contemplates impounding water in the Columbia Basin above Bonneville Dam. ODFW has determined that additional diversions of water in this area pose a significant detrimental impact to existing fishery resources during the period April 15 through September 30.

I, Steve Druckenmiller, County Clerk for Linn County, Oregon, certify that the instrument identified herein was recorded in the Clerk records.

Steve Druckenmiller - County Clerk

BARGAIN AND SALE DEED

KNOW ALL BY THESE PRESENTS that C.T.CHRISTIE and MARILYN CHRISTIE, husband and wife, as tenants by the entirety, hereinafter called grantor, do hereby grant, bargain, sell and convey unto JONATHAN EDWARD CHRISTIE and CHERYL CHRISTIE, husband and wife, as tenants by the entirety, hereinafter called grantee, and unto grantee's heirs, successors and assigns, all of that certain real property, with the tenements, hereditaments and appurtenances thereunto belonging or in any way appertaining, situated in Linn County, State of Oregon, described as follows, to-wit:

Beginning at a point 20 chains South along the Section line and 20 chains East from the Northwest corner of Section 22, Township 10 South, Range 1 West of the Willamette Meridian, Linn County, Oregon; thence running East 20 chains; thence South 10 chains; thence West 20 chains; thence North 10 chains to the place of beginning.

To Have and to Hold the same unto grantee and grantee's heirs, successors and assigns forever.

The true and actual consideration paid for this transfer, stated in terms of dollars, is none.

BEFORE SIGNING OR ACCEPTING THIS INSTRUMENT, THE PERSON TRANSFERRING FEE TITLE SHOULD INQUIRE ABOUT THE PERSON'S RIGHTS, IF ANY, UNDER ORS 195.300, 195.301 AND 195.305 TO 195.336 AND SECTIONS 5 TO 11, CHAPTER 424, OREGON LAWS 2007, AND SECTIONS 2 TO 9 AND 17, CHAPTER 855, OREGON LAWS 2009. THIS INSTRUMENT DOES NOT ALLOW USE OF THE PROPERTY DESCRIBED IN THIS INSTRUMENT IN VIOLATION OF APPLICABLE LAND USE LAWS AND REGULATIONS. BEFORE SIGNING OR ACCEPTING THIS INSTRUMENT, THE PERSON ACQUIRING FEE TITLE TO THE PROPERTY SHOULD CHECK WITH THE APPROPRIATE CITY OR COUNTY PLANNING DEPARTMENT TO VERIFY THAT THE UNIT OF LAND BEING TRANSFERRED IS A LAWFULLY ESTABLISHED LOT OR PARCEL, AS DEFINED IN ORS 92.010 OR 215.010, TO VERIFY THE APPROVED USES OF THE LOT OR PARCEL, TO DETERMINE ANY LIMITS ON LAWSUITS AGAINST FARMING OR FOREST PRACTICES, AS DEFINED IN ORS 30.930, AND TO INQUIRE ABOUT THE RIGHTS OF NEIGHBORING PROPERTY OWNERS, IF ANY, UNDER ORS 195.300, 195.301 AND 195.305 TO 195.336 AND SECTIONS 5 TO 11, CHAPTER 424, OREGON LAWS 2007, AND SECTIONS 2 TO 9 AND 17, CHAPTER 855, OREGON LAWS 2009.

IN WITNESS WHEREOF, the grantor has executed this instrument this 25th day of July, 2011.

November 24, 2015

Jonathan and Cheryl Christie
38165 Richardson Gap Road
Scio, OR 97374

Dear Jonathan-

On November 13, 2015, I made a visit to your property with Paul Pedone, NRCS Geologist, to evaluate the location of the proposed pond. In general, the location and soil are feasible for the embankment pond that you are proposing. We have the following recommendations:

1. Remove all large diameter boulders and cobbles from the borrow area and proposed pond location prior to earthwork. Rocks greater than six inches in diameter that are incorporated into the borrow soil can make compaction difficult, depending on the equipment used.

2. The County Soil Survey indicates that weathered bedrock could be found as close as 19 inches from the soil surface. It is recommended that several test pits be dug in the borrow area to determine if the weathered bedrock listed in the Soil Survey is truly bedrock, or if it is just buried boulders. Finding intact bedrock would be more problematic, as it would mean less soil material is available with which to create the embankment for the pond.

3. Uphill (east) of the proposed pond location, there appears to be a channel to divert surface water coming off of the hillside. It is recommended that this diversion channel be shaped to allow more surface water to come down the face of the hill and feed the pond. Also the berm on the downhill side of the diversion channel can be used as embankment material for the pond, if the large rocks are removed first.

4. The proposed pond site is located on the toe of an old landslide, so it is recommended that the slopes into the pond not be excessively steep.

The publication "Ponds – Planning, Design, Construction" has some useful guidance for design of ponds. A copy of this publication is available on-line or at the Tangent USDA Service Center. Guidelines include:

- A pond depth of 6 to 7 feet, based on the location in Oregon.
- Side slopes not steeper that 3H:1V on both the upstream and downstream side of the dam.
- A freeboard of at least 1.0 feet.
- For a dam height of 10 feet or less, the top width of the embankment should be 6 feet.

R-88174

- A spillway capacity for the 25 year, 24 hour storm event, which for this site would be approximately 10.4 cubic feet per second (cfs).

The water yield to the pond site is based on USGS Regression Equations for the Willamette Valley, during a two-year storm event approximately 4.2 cfs of runoff will be coming down the hillside in the diversion channel. During a ten year storm event, the amount is approximately 8.0 cfs.

The enclosed contour map and ground surface profile is based on LIDAR data. In the profile, the rectangle shape represents dimensions of a pond with a 75 foot radius, 6 foot deep, and 3H:1V side slopes (a storage volume of approximately 0.97 acre-feet). These proposed pond dimensions appear to result in a significant fill volume and embankment heights greater than 10 feet, so you may want to consider reducing the pond surface area somewhat.

If I can be of further assistance to you, please let me know.

Sincerely,

Kelly Albers, P.E.

Land Use Information Form

Oregon Water Resources Department
725 Summer Street NE, Suite A
Salem, Oregon 97301-1266
(503) 986-0900
www.wrd.state.or.us

NOTE TO APPLICANTS

In order for your application to be processed by the Water Resources Department (WRD), this Land Use Information Form must be completed by a local government planning official in the jurisdiction(s) where your water right will be used and developed. The planning official may choose to complete the form while you wait, or return the receipt stub to you. Applications received by WRD without the Land Use Form or the receipt stub will be returned to you. Please be aware that your application will not be approved without land use approval.

This form is NOT required if:

1) Water is to be diverted, conveyed, and/or used only on federal lands; **OR**
2) The application is for a water right transfer, allocation of conserved water, exchange, permit amendment, or ground water registration modification, and **all** of the following apply:
   a) The existing and proposed water use is located entirely within lands zoned for exclusive farm-use or within an irrigation district;
   b) The application involves a change in place of use only;
   c) The change does not involve the placement or modification of structures, including but not limited to water diversion, impoundment, distribution facilities, water wells and well houses; and
   d) The application involves irrigation water uses only.

NOTE TO LOCAL GOVERNMENTS

The person presenting the attached Land Use Information Form is applying for or modifying a water right. The Water Resources Department (WRD) requires its applicants to obtain land-use information to be sure the water rights do not result in land uses that are incompatible with your comprehensive plan. Please complete the form or detach the receipt stub and return it to the applicant for inclusion in their water right application. You will receive notice once the applicant formally submits his or her request to the WRD. The notice will give more information about WRD's water rights process and provide additional comment opportunities. You will have 30 days from the date of the notice to complete the land-use form and return it to the WRD. If no land-use information is received from you within that 30-day period, the WRD may presume the land use associated with the proposed water right is compatible with your comprehensive plan. Your attention to this request for information is greatly appreciated by the Water Resources Department. If you have any questions concerning this form, please contact the WRD's Customer Service Group at 503-986-0801.

SALEM, OR

For Local Government Use Only

The following section must be completed by a planning official from each county and city listed unless the project will be located entirely within the city limits. In that case, only the city planning agency must complete this form. This deals only with the local land-use plan. Do not include approval for activities such as building or grading permits.

Please check the appropriate box below and provide the requested information

☒ Land uses to be served by the proposed water uses (including proposed construction) are allowed outright or are not regulated by your comprehensive plan. Cite applicable ordinance section(s): LCC 928.310(B)(1).

☐ Land uses to be served by the proposed water uses (including proposed construction) involve discretionary land-use approvals as listed in the table below. (Please attach documentation of applicable land-use approvals which have already been obtained. Record of Action/land-use decision and accompanying findings are sufficient.) **If approvals have been obtained but all appeal periods have not ended, check "Being pursued."**

Type of Land-Use Approval Needed (e.g., plan amendments, rezones, conditional-use permits, etc.)	Cite Most Significant, Applicable Plan Policies & Ordinance Section References	Land-Use Approval:	
		☐ Obtained ☐ Denied	☐ Being Pursued ☐ Not Being Pursued
		☐ Obtained ☐ Denied	☐ Being Pursued ☐ Not Being Pursued
		☐ Obtained ☐ Denied	☐ Being Pursued ☐ Not Being Pursued
		☐ Obtained ☐ Denied	☐ Being Pursued ☐ Not Being Pursued
		☐ Obtained ☐ Denied	☐ Being Pursued ☐ Not Being Pursued

Local governments are invited to express special land-use concerns or make recommendations to the Water Resources Department regarding this proposed use of water below, or on a separate sheet.

Enclosed please find my corrected Alternate Review Application. I've added the missing page and Redrew the map. These materials are on the top of the other, already submitted materials.

I also included an additional $30.00 to increase the AF to 2.00 to consider future depth increase.

Let me know if you have any questions

Jonathan

Jonathan Christie
38165 Richardson Gap Rd.
Scio, OR 97374

Dear Jonathan:

The Water Resources Department has received your application to use or store water. At this time however, we are unable to accept your application, because the minimum filing requirements are not met according to the Oregon Administrative Rules (OAR 690-310-0040 and 0050).

We are hereby returning the incomplete application and the fees submitted. Please return the application, the required information, and this checklist (on back), so the Department may begin processing your application in a timely manner.

This review is based only on the completeness of your application. Any determination of water availability, compliance with basin plan rules, or any other water related issues has not been made.

Should you have any questions, please do not hesitate to contact Customer Service at the address above or by telephone at 503-986-0801.

Sincerely,

Jeffrey D. Pierceall
