Final Order

Hearing and Appeal Rights

Under the provisions of ORS 537.170 and ORS 537.622, the applicant may request a contested case hearing by submitting the information required for a protest under ORS 537.153(6) or ORS 537.621(7) to the Department within 14 days after the date of mailing of this order as shown below. If a contested case hearing is requested, the Department must schedule one. In the contested case hearing, however, only those issues based on the modifications to the Proposed Final Order may be addressed.

ORS 536.075 allows for additional appeal rights for other than contested case. This is a Final Order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Findings of Fact

1. On February 19, 2015, Andrew P. and Renee A. Angstrom submitted an application to the Department for a water use permit.
2. The Department issued a Proposed Final Order on September 1, 2015.
3. The protest period closed October 16, 2015, and no protest was filed.
4. The Department's continuing evaluation reveals that the Proposed Final Order requires modification to remove "permittee/appropriator" from Section C of the Static Water Level Conditions.

Conclusions of Law

1. The proposed use would not impair or be detrimental to the public welfare, safety and health pursuant to ORS 537.621(2).

Order

Application G-18001 therefore is approved with the above modification to the Proposed Final Order, and Permit G-17537 is

issued as limited by the conditions therein.
