Dear Director,

Thank you for granting an exemption to the pond on my property received December 22, 1995. However, your recent notice of mitigation conditions is unnecessary for the following reasons:

- 1) The pond does not flow into South Fork Little Butte Creek. It is located $\frac{1}{8}$ of a mile away from it and is in closer proximity to the paved public road;
- 2) The pond consists of run-off water from highway drainage;
- 3) The pond dries up of natural conditions in the months of August and September; and
- 4) The pond is very small and does not present a problem in any way to the Oregon Department of Fish and Wildlife.

Please remove this needless requirement.

Sincerely,

Wayne E. Jansen Jr
