

**BEFORE THE WATER RESOURCES DEPARTMENT  
OF THE STATE OF OREGON**

In the Matter of Water Rights Application        )  
S-88144, Douglas County                            )

SUPERSEDING FINAL ORDER  
APPROVING THE USE OF  
STORED WATER

**Authority**

ORS 537.147 establishes the process by which an application to use stored water exclusively may be submitted. OAR Chapter 690, Divisions 310 and 340 implement the statute, and provide the Department's procedures and criteria for evaluating applications to use stored water exclusively.

**Findings of Fact**

1. On November 5, 2015, AZALEA ROJO LLC submitted an application for a water-use permit pursuant to ORS 537.147.
2. The Department provided public notice of the application in the Department's weekly public notice on November 24, 2015. A 30-day comment period followed.
3. The Department has evaluated the application and any comments received, and finds that no public interest in ORS 537.170(8) would be affected adversely by the proposed use.
4. On March 10, 2016, the Department issued a Final Order approving Application S-88144 and Permit S-54982. Subsequently the Department discovered the permit erroneously described duty allowed. The permit should describe the duty as 2.5 acre-feet per acre per year, as indicated in the attached permit.

**Conclusions of Law**

1. Application S-881448088 is consistent with the requirements of ORS 537.147 and OAR Chapter 690.

**Now Therefore, it is Ordered:**

This Final Order and Permit supersede the March 10, 2016 Final Order and Permit S-54982 for application S-88144, which are of no further force or effect.

Application S-88144 is approved pursuant to ORS 537.147 and Permit S-54990 is issued as limited by the conditions contained therein.

Dated at Salem, Oregon on   MARCH 18  , 2016
