

**BEFORE THE WATER RESOURCES DEPARTMENT
OF THE STATE OF OREGON**

In the Matter of Water Rights Application)
S-88055, Polk County)

SUPERSEDING FINAL ORDER
APPROVING THE USE OF
STORED WATER

Authority

ORS 537.147 establishes the process by which an application to use stored water exclusively may be submitted. OAR Chapter 690, Divisions 310 and 340 implement the statute, and provide the Department's procedures and criteria for evaluating applications to use stored water exclusively.

Findings of Fact

1. On March 6, 2015, Jack Platt and Platt Farms LLC submitted an application for a water-use permit pursuant to ORS 537.147.
2. The Department provided public notice of the application in the Department's weekly public notice on March 17, 2015. A 30-day comment period followed.
3. The Department has evaluated the application and any comments received, and finds that no public interest in ORS 537.170(8) would be affected adversely by the proposed use.
4. On June 25, 2015, the Department issued a Final Order approving Application S-88055 and Permit S-54943. Subsequently, the Department discovered Permit S-54943 erroneously omitted the proposed place of use for supplemental irrigation. The attached superseding permit correctly describes the authorized place of use for supplemental irrigation in Sections 16, 17, 20, and 21 of Township 9 South, Range 4 West, W.M., being 290.9 acres.

Conclusions of Law

Application S-88055 is consistent with the requirements of ORS 537.147, and OAR Chapter 690.

Now Therefore, it is Ordered:

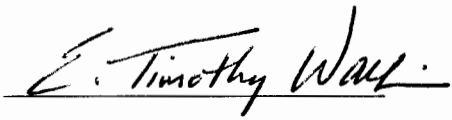

This document supersedes the June 25, 2015 Final Order and Permit S-54943, which are of no further force or effect.

Application S-88055 is approved with the above modifications, and Permit Number S-54961 is issued as limited by the conditions contained therein.

Dated at Salem, Oregon on MARCH 31 2016.
