RE: Reclaimed Municipal Water Use **Registration RM-201**, related to WPCF Permit 103094

Dear AAT Lloyd District Management:

The Oregon Water Resources Department ("OWRD") received your Registration of Reclaimed Municipal Water Use form on December 1, 2014. The Registration form is complete, signed by all the appropriate parties, and meets the requirements of ORS 537.131 and 537.132. The Department assigned record **RM-201** to your Registration, which will be managed as a physical file in Salem and viewable online at: http://apps.wrd.state.or.us/apps/wr/wrinfo_stage/ as an "RM" type Application.

This Registration allows the use of reclaimed municipal water under an exemption provided by ORS 537.132 rather than completing the process to obtain a formal water use permit. The Registered exempt use is allowed only while the corresponding Oregon Department of Environmental Quality (DEQ) facility discharge permit is in effect, through September 30, 2024. This Registration must be renewed with OWRD when the DEQ facility discharge permit is renewed for the exempt use to continue.

Oregon's *Integrated Water Resources Strategy* encourages additional use of reclaimed municipal water to help keep our streams clean and reduce the demand on limited water supplies. Thank you for putting the strategy into action and using water wisely.

If you have questions regarding this Registration letter, please contact me directly at 503-986-0919, Steve.W.Parrett@wr.state.or.us, or call 503-986-0900 and ask for the *Water Reuse Coordinator*.

Sincerely,

Steven W. Parrett
Water Reuse Coordinator
Water Right Services Division
