

**Oregon Water Resources Department  
Water Right Services Division**

Water Rights Application  
Number G-17919

**Superseding Final Order**

*Appeal Rights*

This is a Final Order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied. This statement of judicial review rights does not create a right to judicial review of this order, if judicial review is otherwise precluded by law.

*Findings of Fact*

1. On September 4, 2014, Albert Osmin submitted an application to the Department for a water use permit.
2. The Department issued a Proposed Final Order on July 21, 2015.
3. The protest period closed September 4, 2015, and no protest was filed.
4. On May 3, 2016, the Department issued a Final Order approving Application G-17919 and Permit G-17590. Subsequently the Department discovered that the May 3, 2016 Final Order and permit erroneously contained a permit number already assigned. The permit number should be G-17597, as indicated in the attached permit.

Accordingly, pursuant to OAR 137-004-0080 (5), a superseding Final Order and Permit will be issued.

*Conclusions of Law*

1. The proposed use would not impair or be detrimental to the public interest pursuant to ORS 537.153(2).

**Order**

The May 3, 2016 Final Order is superseded by this document and is of no further force or effect.

Application G-17919 therefore is approved with the above modification, and Permit G-17597 is issued as limited by the conditions set forth therein.

DATED July 14 2016
