File 41613

June 22, 1976

Ted & Florence Gillen
Rt. 4, Box 3K
Reedsport, OR 97467

Dear Mr. & Mrs. Gillen,

The assignment of permit number 31063 from Joseph Popp to you has been recorded in the records of the Water Resources Department. Our records have been changed accordingly, and the original is enclosed along with our receipt number 52857, covering the \$2.00 you submitted.

Sincerely,

Thomas E. Shook
Water Rights Engineer

Ted Gillem
Rt. 4 Box 3K
Reedsport, OR 97467

Dear Mr. Gillem:

We have not received a reply to our letter dated December 24, 1975 regarding an assignment of water right permit No. 31063 from Joseph M. Popp to you.

We are ready at this time to mail the final proof of appropriation of water to the record holder of the permit, Joseph M. Popp. Failure of the record holder of the permit to sign and return the proof of appropriation of water can result in the cancellation of the permit.

If you are the legal owner of the property in connection with this permit, you should obtain an assignment of the permit from Joseph M. Popp and submit it to this office so that we can record the assignment and change our records accordingly. We will withhold action on this permit for thirty days pending your reply.

Sincerely,

Robert G. Mucken
Water Rights Engineer

Ted Gillem
Rt. 4 Box 3K
Reedsport, OR 97467

Dear Mr. Gillem:

Our field engineer who made the final proof survey for water right permit No. 31063 in the name of Joseph M. Popp reports that you are now the owner of the property in connection with this permit. If our information is correct and Joseph M. Popp has no further interest in the property involved, you should obtain an assignment of the permit from him to you.

Enclosed is a form with the proper application and permit numbers entered for your use in obtaining the assignment. The assignment, when completed, should be submitted to this office along with \$2.00 for the statutory recording fee. We will then record the assignment and change our records accordingly to show you as the record holder of the permit.

Sincerely,

Robert G. Mucken
Water Rights Engineer

REFER TO FILE NO. 41613

July 18, 1968

Joseph M. Popp
Route 4, Box 3 J
Reedsport, Oregon 97467

Gentlemen:

This will acknowledge receipt of your notice to the effect that complete application of water has been made under permit No. 31063.

Pursuant to your report and in line with the general practice of this office, a survey will be made at a later date.

After this survey, proof may be made and certificate issued covering the actual use of water as found by the engineer. In case of irrigation, any lands described in the permit that have not been irrigated will be automatically eliminated from the water right.

In the meantime, the permit which you hold will be valid evidence of the water right in question so long as you continue to use the water.

Very truly yours,

CHRIS L. WHEELER
State Engineer

Joseph M. Popp
Route 4, Box 3J
Reedsport, Oregon 97467

Dear Sir:

According to the report of our field engineer, you have not made use of water to the extent intended within the limits of your permit number 31063 as the third house has not been constructed, although the project was indicated as completed when the application was filed.

The date for completion of construction work and for complete application of water under your permit is respectively October 1, 1968, and October 1, 1969, which allows you more time to complete the construction work and to complete the domestic use, and we will mark the completion notice previously submitted as premature. I am enclosing another Form B and C for your use in reporting completion of construction work and complete application of water under your permit, when applicable.

Very truly yours,

CHRIS L. WHEELER
State Engineer

Dear Mr. Popp:

This will acknowledge your letter dated April 19, 1966, authorizing additions to Item No. 4 and 8 to your application No. 41613. This has been done.

The application has received a new priority date as of April 13, 1966.

Your application is now in satisfactory form for approval by issuance of a permit.

Very truly yours,

CHRIS L. WHEELER
State Engineer

Re: File # 41613

Gentlemen:

In reply to your letter of April 14, 1966, this is to authorize you to make the necessary additions to our application #41613, namely item #4 and item # 8.

Very truly yours,

Joseph M. Popp
Rt. 4, Box 3 J
Reedsport, Oregon

April 14, 1966

Mr. Joseph M. Popp
Route 4, Box 3 J
Reedsport, Oregon

Dear Mr. Popp:

This will acknowledge your returned application No. 41613, map and print, spring description sheet, and the additional \$10 recording fee for which our receipt No. 9181 is enclosed.

Item No. 4 on your application should now be completed to show in which quarter-quarter section, the point of diversion is located.

Item No. 8 must be completed to show the location of place of use by quarter-quarter-section. From the map submitted, both are within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 12.

If you would give us written authorization to make this addition to your application, it would then be in satisfactory form for approval by issuance of a permit.

Very truly yours,

CHRIS L. WHEELER
State Engineer

Dear Sir:

Your application No. 41613, which was returned to you for completion and correction, endorsed so that in order to retain its date of priority it should have been returned to this office on or before February 9, 1966, has not been received.

It has, therefore, lost its priority but may be reinstated and given a new priority date as of the day it is again received.

Very truly yours,

CHRIS L. WHEELER
State Engineer

December 9, 1965

Joseph M. Popp
Route 4, Box 3 J
Reedsport, Oregon

Dear Sir:

This will acknowledge your application for a permit to appropriate 0.01 cubic foot of water per second from a spring for the domestic use of three families, the accompanying map, and fees of \$10 for which our receipt No. 7564 is enclosed.

Your application has been filed and numbered 41613.

An additional recording fee of \$10 is required.

Item 4 does not agree with the map submitted as to the distance the spring is located from the W $\frac{1}{4}$ corner of Section 12.

A map is required on tracing paper or cloth so that it may be easily reproduced. The tie to the spring must be shown on the map and correspond to Item 4.

Item 12 must be completed to show the place of use and correspond to the map.

Enclosed is a spring description sheet which must be completed and returned with the application.

I am returning your application and map for completion and correction. The application is endorsed so that in order to retain its date of priority it must be returned to this office on or before February 9, 1966.

Very truly yours,

CHRIS L. WHEELER
State Engineer
