RE: USER-ID # 9538

With regard to the pump test requirements for the following well and its associated water right:

POD-ID	Well	Application	Permit	Certificate	Status
18033	Smith #1	G-9645	G-8948	64337	Approved
20404	Hat #1	G-5446	G-5362	46993	Approved

The Water Resources Department has reviewed and accepted the pump test results you submitted. The Department requires no further testing of this well at this time. However, you will be required to submit a static water level measurement of the well on the ten-year anniversary of the test you conducted.

We appreciate your cooperation in this program. If you have any questions, please contact Mike Zwart or Bill Ferber at the address below or by calling 378-8455.

Dear Mr. Wavra:

REFERENCE: Files 21145, G-5446 and G-7297

Enclosed you will find affidavits when signed by the legal owner, notarized and returned to this office will remove the right described by Certificate 22639 and the supplemental portion of the right described by Certificate 46996.

Also enclosed you will find an application form prepared describing primary irrigation from two wells for, among other lands, the land which the water right will be cancelled and supplemental irrigation for the lands which have a right from well 2.

The application requires the examination fee of \$200.00 and, in addition, a permit recording fee of \$478.00.

If you have any questions or problems with the affidavits or application, please feel free to contact me.

Sincerely,

Stephen C. Brown

IMPORTANT—This form is a notice to the State Engineer that permittee is ready to make **final proof** to the extent to which the water has actually been applied to the intended use under the terms of the permit. Permittee is cautioned that Certificate of Water Right will be issued based on the extent of the quantity and use as determined by the **final proof** inspection and survey which will be made in response to the filing of this Form C.

NOTE: In the case of an irrigation permit, this Form C should not be mailed to the State Engineer until all of the land described in the permit, which it is intended to irrigate under this permit at any time, has actually been irrigated. Fill out, detach and mail to the State Engineer, Salem, Oregon 97310, when all of the water has been applied.
