Dear Sir:

I am in receipt of yours of the 6th., enclosing proof of appropriation of water under permit No 2585 in the name of Yokom and Bayley, together with \$1.00 to cover recording fee for certificate of water right.

Under the terms of this permit the right is granted for domestic use only and certificate can only be issued for such right. The parties will necessarily have to take out a permit covering their right for irrigation of the one acre, in order to secure certificate.

I am enclosing blank application, together with instructions.

Yours very truly,

Asst. Secretary.

Gentlemen:

Enclosed find proof of application of water by Yokom and Bayley under application No. 4442, permit No. 2585.

You will notice that his proof shows that they have taken out water through an open ditch instead of a pipe line, and that the water has been used for both domestic and irrigation of about an acre of garden.

Mr. Yokom requested that I send this in for him.

I am also sending you my check for \$1.00 as fees in this matter.

Dear Sir:

Permit No. 2585.

In reply to your letter of the 15th instant, I note that you have applied the water under your permit No. 2585 through an open ditch instead of a pipe line. It would seem that if you have actually applied the water to the proposed use, that it is immaterial whether through a ditch or pipe line, and we will accordingly prepare and forward you final proof blanks within a short time.

Trusting you will find this satisfactory, I remain,

Very respectfully,

Sirs

as Regards permit #2585
will say we have the water
appropriated to beneficial
use since June 1st then
an open ditch. is it absolutely
necessary to comply with contract
in regard to 6" pipe line.
as I find there is not sufficient
water to justify the expense.
Can I prove up on open ditch
if so can send final proof
immediately to clear records.

Yours Resp
