OF THE STATE OF OREGON**

In the Matter of Water Rights Application        )  
R-88371, Josephine County                        )

**FINAL ORDER  
APPROVING THE STORAGE OF  
SURFACE WATER**

**Authority**

Oregon Revised Statutes (ORS) 537.409 establishes the process by which an application to store waters of the public may be submitted.

**Findings of Fact**

1. On FEBRUARY 21, 2017, CATHERINE G. JUSTICE, JARED D. JUSTICE, AND TETIANA JUSTICE submitted an application for a permit to store water pursuant to ORS 537.409.

Storage Volume: 3.7 ACRE-FEET

Dam Height: ZERO FEET

Source: RUNOFF AND WEST FORK ILLINOIS RIVER, TRIBUTARY TO WEST FORK ILLINOIS RIVER

Location: JOSEPHINE COUNTY IN SECTION 32, TOWNSHIP 39 SOUTH, RANGE 8 WEST, W.M.

2. The required examination fees were paid and minimum application requirements were met.
3. The Department provided public notice of the application in the Department's weekly public notice on FEBRUARY 29, 2017. A 60-day comment period followed.
4. The Department has not received public comment related to the possible issuance of the attached permit.
5. The Department has determined that the proposed source has not been withdrawn from further appropriation.
6. The proposed reservoir is not prohibited under ORS 390.835.

**APPEAL RIGHTS**

**Appeal to a circuit court:** This is a final order in other than a contested case. Any party affected by a final order in other than a contested case issued by the Water Resources Commission or Water Resources Department may appeal the order to the appropriate circuit court (ORS 536.075). A petition for judicial review must be filed within the 60-day time period specified by ORS 183.484 (2).

**Petition to the Department for Reconsideration of the Final Order:** A person entitled to judicial review of this order may also file a petition for the Department's reconsideration of the order. The petition for reconsideration must be filed with the Department within 60 calendar days after the date of the order. A copy of the petition must also be delivered or mailed to all other persons and agencies requiring notification under statute or rule (OAR 137-004-0080). The petition must set forth the specific grounds for reconsideration, and may be supported by a written argument. The petition may include a request for a stay of the order if the petition complies with the requirements of OAR 137-003-0090 (2). The Department may grant or deny the petition by summary order. If the Department takes no action, the petition is deemed denied as provided by ORS 183.484 (2). A final order remains in effect during reconsideration until stayed or changed. Following reconsideration, the agency must enter a new order, which may be an order affirming the existing order (OAR 137-004-0080). Reconsideration cannot be granted after the filing of a petition for judicial review, unless permitted by the court (OAR 137-004-0080 (6)).

ORS 537.409 does not provide an opportunity to request a contested-case hearing. Appeal rights on this final order approving the application are limited to the above procedures.

7. Water is available for the proposed use according to the Department's water-availability model and the watermaster's assessment.
8. The Department relies on the Oregon Department of Fish and Wildlife's review and recommendations in determining whether a proposed use would pose a significant detrimental impact to existing fishery resources. The Department has determined that, as conditioned, the proposed use will not pose a significant detrimental impact to existing fishery resources.

**Conclusions of Law**

1. Water is available for the proposed use.
2. The proposed use will not injure existing water rights.
3. The proposed use will not pose a significant detrimental impact to existing fishery resources.
4. Application R-88371 is consistent with the requirements of ORS 537.409.

**Now Therefore, it is Ordered:**

Application R-88371 is approved, and Permit R-15223 is issued as limited by the conditions contained therein.
