Dear Sir:

This will acknowledge receipt of your letter dated July 1, 1970, in regards to water right permit No. 10120.

The right perfected under this permit has been confirmed by the certificate of water right recorded at Page 9740, Volume 9, State Record of Water Right Certificates.

A perfected right as evidenced by a certificate is appurtenant to the land described and travels with that land at time of sale, so no assignment is considered necessary.

There is no statutory provision for reissuing certificates to show subsequent owners of the property.

Very truly yours,

Myron V. Bish  
Assistant
