Dear Sir;

STATE ENGINEER
SALEM, OREGON

I am inclosing application for a water permit, for the use of the water to our cabins which a few of us have on the Umpqua River.

Also inclosing check of \$ 9.50 which I understand is the cost of water right.

As to the spring it is up on mountain side, we found this water and ~~developed~~ developed a spring which may take care of the five different places we hope.

Yours very truly

Chas S. Hall
