Subject: Water Management and Conservation Plan

Dear Mr. Harris:

Enclosed, please find the Final Order approving the City of Sutherlin's (City) water management and conservation plan (WMCP) and authorizing the diversion of up to 5.0 cfs of water from Cooper Creek and up to 500.0 AF of stored water from Cooper Creek Reservoir under Permit S-32426.

The attached Final Order specifies that the City's plan shall remain in effect until **January 30, 2028**. Additionally, the City is required to submit a progress report to the Department by **January 30, 2023**, detailing progress made toward the implementation of conservation benchmarks scheduled in the plan. Finally, the City must submit an updated Water Management and Conservation Plan to the Department by **July 30, 2027**.

***NOTE:** The deadline established in the attached final order for submittal of an updated Water Management and Conservation Plan (consistent with OAR Chapter 690, Division 086) shall not relieve the City of Sutherlin from any existing or future requirement(s) for submittal of a water management and conservation plan at an earlier date as established through other final orders of the Department.*

We appreciate your cooperation in this effort. Please do not hesitate to contact me at 503-986-0883 or Chris.C.Kowitz@oregon.gov if you have any questions.

Sincerely,
