By my signature below I confirm that I understand:

- I am asking to use water specifically as described in this application.
- Evaluation of this application will be based on information provided in the application.
- I cannot use water legally until the Water Resources Department issues a permit.
- Oregon law requires that a permit be issued before beginning construction of any proposed well unless the use is exempt. Acceptance of this application does not guarantee a permit will be issued.
- If I get a permit, I must not waste water.
- If development of the water use is not according to the terms of the permit, the permit can be cancelled.
- The water use must be compatible with local comprehensive land-use plans.
- Even if the Department issues a permit, I may have to stop using water to allow senior water right holders to get water to which they are entitled.

OREGON LIQUOR CONTROL COMMISSION REQUEST Land Use Compatibility Statement

What is a land use compatibility statement (LUCS)? The LUCS is a form used by a state agency and local government to determine whether a land use proposal is consistent with local government's comprehensive plan and land use regulations.

Why is a LUCS required? OLCC and other state agencies with permitting or approval activities that affect land use are required by Oregon law to be consistent with local comprehensive plans and to have a process for determining consistency. Section 34(4)(a) of 2015 Oregon Laws, Chapter 614, requires OLCC to request and obtain the LUCS and have a positive LUCS prior to issuing a license.

When is a LUCS required? A LUCS is required for all proposed marijuana facilities before an OLCC license can be obtained.

How to complete a LUCS:

- **Step 1: Applicant** completes Section 1 of this form and submits it to the appropriate city or county planning office. Applicant verifies with local jurisdiction whether additional forms, applications, or permits are required.
- **Step 2: Local jurisdiction** completes Section 2 of this form indicating whether the proposed use is compatible with the acknowledged comprehensive plan and land use regulations and returns signed and dated form to the applicant.
 - Applicant completes payment to local jurisdiction for processing application.
 - Local jurisdictions are **NOT required** to begin processing LUCS forms until **January 4, 2016 at 8:30 AM**.
- **Step 3: Applicant** submits this date-stamped form and any supporting information provided by the city or county to the OLCC with the license application. This form may be submitted while Section 2 is in process with the local governing body.
