Map Disclaimer: This product is for informational purposes only and every user bears the responsibility for its use. It is not intended for legal, engineering, or surveying purposes. Users of this information should consult or consult the primary data and information sources to ascertain the validity of the information. This map is not intended to display property lines.

Disclaimer: This being is the result of a manual search of the records of the Wallowa County Plat Books and the Wallowa County. This being has not been fully checked. This is a right of record in no guarantee that it has not been abandoned under the provisions of ORS 362.10. The plat book records of land in the 400 acre quarter quarter within a section. If the water right listed within a quarter quarter is on more than one lot, they often have not been assigned their water right for each lot - only a survey could determine how much of the water right goes to each lot.
