

* Reservoir Permit No. 515 ABSTRACT MADE

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

We, The "Clear Creek Water Users' Association" a Mutual Organization (Name of Applicant)

of Halfway (Postoffice), County of Baker

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation Mutual Organization

1. The name of the proposed reservoir is West Fork of Clear Creek Reservoir

2. The name of the stream from which the reservoir is to be filled and the appropriation made is West Fork of Clear Creek, Trib. of Clear Creek, Trib. of Pine Creek tributary of Snake River

3. The amount of water to be stored is 35/100 two hundred and fifty-seven acre feet

4. The use to be made of the impounded water is irrigation, supplemental supply to be appropriated under application No. 8108, permit No. 5234

5. The location of the proposed reservoir will be in Sec. 12 T. 6 S. R. 45 E. W. M. Ore (Give sections or townships to be submerged)

(a) State whether situated in channel of running stream and give character of material at outlet On channel of stream, Outlet to be made of rubble concrete in wide ridge of soil

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

6. The dam will be located in the NE 1/4 of the NE 1/4, Sec. 12, Tp. 6 South, R. 45 East, W. M. It will be 16.35 ft. at intake of 16 feet in height, trunk

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

Comp. by J & L

having a length on top of two hundred and fifty-five feet; length on bottom eight and one-half feet; width on top six feet slope of front or water side 3 to 1 (Feet horizontal to 1 vertical) slope on back 2 to 1 (Feet horizontal to 1 vertical); height of dam above water line when full five feet.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: The dam is to have a rubble concrete core, water slope made of soil, and portion below core of rock. A porous tile drain laid on bed rock at foot of concrete core and under trunk from core out.

8. The location of wasteway with dimensions are as follows: Wasteway to be East of dam (State whether over or around the dam) several hundred feet, sixty feet wide and lined with rubble concrete

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: the out let trunk to be constructed in bottom of center of dam (State whether through or around the proposed dam)

10. The area submerged by the proposed reservoir, when full, will be twenty seven and 1/2 acres, with a maximum depth of water of sixteen & 35/100 feet; and approximate mean depth of water 9.3 feet.

11. The estimated cost of the proposed work is \$ 6500.00

12. Construction work will begin ~~on or before~~ as soon as permit is granted

13. Construction work will be completed on or before Nov. 1, 1926

Duplicate maps of the proposed reservoir and storage works, prepared in accordance with the rules of the State Water Board, accompany this application.

Clear Creek Water Users Association (Name of applicant)

By J. R. Ritter, President

L. C. Hulse, Secretary

Signed in the presence of us as witnesses:

(1) (Name) (Address of witness)

(2) (Name) (Address of witness)

Remarks: The water to be stored is for a supplemental supply for lands having a decreed primary right in the waters of Clear Creek which is not sufficient to grow the crops desired, Much of the land to be served with said stored waters will be used for truck gardening and small fruit growing and needs a large supply of water in the latter part of the irrigation season.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows:
