Oregon Revised Statute (ORS) 537.147 establishes the process by which an application to use stored water exclusively may be submitted. 2. The Department provided public notice of the application in the Department's weekly public notice on June 26, 2018. A 30-day comment period followed.
3. The Department has evaluated the application and any comments received, and finds that no public interest in ORS 537.170(8) would be affected adversely by the proposed use.
