The assignment from Robert M. Burns to Robert M. and Colleen C. Burns and Northwest Farm Credit Services has been recorded in the records of the Water Resources Department.

The Departments records will now show Robert M. and Colleen C. Burns and Northwest Farm Credit Services as the permit holders of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 128265 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by December 18, 2013, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claim of beneficial use has not been received by the Department. This places this permit(s) at risk of cancellation proceedings being started.

Sincerely,

Jerry Sauter
Water Rights Program Analyst
