Northwest Farm Credit Services, FLCA  
P.O. Box 2515  
Spokane, Washington 99220

Reference: Application G-13851, Permit G-13031

This administrative assignment is issued to correct an omission on the previous assignment of July 13, 2018 in which Northwest Farm Credit Services, FLCA was not removed as an interest holder. Northwest Farm Credit Services has indicated that they are not an interest holder in this permit.

The Departments records will now show Brandon McCallum and Alan Haga as the permit holders of record.

Our records have been changed accordingly and the original request is enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit requires complete application of water to the proposed use by October 1, 2018, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE).

Sincerely,

Jerry Sauter  
Water Rights Program Analyst  
Water Right Services Division
