Dear Mr. Hewes:

Thank you for returning the application and map for John and Margaret Thomas, and Howard and Mildred Ruben.

With the location you show for the NW corner of Section 18, it places the spring and use in a different $\frac{1}{4}$ $\frac{1}{4}$ section.

The spring would be within the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 18 and the two houses would be within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 18. If you agree with the enclosed copy of your map, please amend the application accordingly.

If Item #3 of the application is presently correct, you should amend the application map so use is within the correct $\frac{1}{4}$ $\frac{1}{4}$ section. Item #2 should also be amended if necessary.

I am returning the map and application for the corrections. The application is endorsed and in order to retain its priority date, it must be received in this office on or before June 19, 1978.

Sincerely,

Larry Toll
Water Rights Engineer
