Reference: Application G-17562, Permit G-17966

This correcting assignment from Bo Thorenfeldt to Rattlesnake Creek Land and Cattle Co. is to correct the previous assignment of September 25, 2017 which was mistakenly submitted as a partial assignment. This correcting assignment has been recorded in the records of the Water Resources Department.

The Departments records will now show only Rattlesnake Creek Land and Cattle Co. as the permit holder of record.

Our records have been changed accordingly

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit requires complete application of water to the proposed use by January 31, 2023, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE).

Sincerely,

Jerry Sauter
Water Rights Program Analyst
