The assignment from Stephen F. Roth to Roger L. Sheley has been recorded in the records of the Water Resources Department.

The Departments records will now show Roger L. Sheley as the permit holder of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 129100 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit requires complete application of water to the proposed use by June, 26, 2020, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE).

Sincerely,

Mary F. Bjork
Water Rights Program Analyst
