The assignment from Northwest Farm Credit Services, FLCA to Ray C. Martin III has been recorded in the records of the Water Resources Department.

The Departments records will now show Ray C. Martin III as the permit holder of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 129099 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permits.

Please note that the reservoir permits required complete application of water to the proposed use by September 6, 2017, and the groundwater permit required complete application of the water to the proposed use by October 1, 2018, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE).

Sincerely,

Jerry Sauter
