

**RESPONSE TO NOTICE OF MITIGATION OBLIGATION
MUNICIPAL OR QUASI-MUNICIPAL INCREMENTAL DEVELOPMENT PLAN**

Municipal or Quasi-Municipal groundwater permit applicants may satisfy a mitigation obligation by incrementally obtaining and providing mitigation to coincide with the incremental development of the permit, provided mitigation is provided prior to each stage of development of the permit, in accordance with the standards under OAR 690-505-0610(2)-(5). A mitigation obligation may be satisfied by obtaining mitigation credits, providing for implementation of a mitigation project, or both (OAR 690-505-0610(2)). Please read and complete this acknowledgment of mitigation obligation and return it to the Department at the address above.

Applicant(s): TUMALO WEST WATER INC.

Applicant's agent (if applicable): CLINT PEPPER

Application number: G-18694

Proposed Use: QUASI-MUNICIPAL USE

Period of Use requested:

Rate requested: 0.078 CUBIC FOOT PER SECOND

Volume requested: 12.93 acre-feet

Mitigation Obligation: 5.2 acre-feet

Zone of Impact: The General Zone of Impact (located anywhere in the Deschutes Basin above the Madras gage, which is located on the Deschutes River below Lake Billy Chinook.)

Please read and initial the following statements:

CB We intend to provide incremental mitigation.

CB We understand that mitigation must be provided prior to each stage of development of the permit and that the mitigation must meet the requirements of OAR 690-505-0610(2)-(5).

CB We understand that the first increment of mitigation must be obtained, submitted to the Department and legally protected instream prior to a permit being issued.

CB We understand that after receiving the water right permit, I (we) may not increase water use without providing the corresponding required mitigation.

CB We understand that we will be required to submit a new or update Water Management and Conservation Plan under OAR Chapter 690, Division 86 within 2 years of the Department issuing a permit

CB We understand that may we modify the incremental development plan and related mitigation obligation only with prior written Departmental approval.

RECEIVED

MAY 06 2019

OWRD

Please estimate the time schedule for development of the water right permit and the proposed source of mitigation that may be obtained and used prior to each stage of development (this proposed development schedule must describe 100% of the requested volume).

For the first increment of permit development we will need approximately 8.8 acre-feet of the 12.93 acre-feet requested in the application. The first increment of mitigation will be required by 2019-2021 (date).

The proposed source of mitigation water for this increment of use will be (please check):

Purchase mitigation credits and / or A mitigation project resulting in credits

Please describe the type of project (e.g., transfer, etc.) and any associated water-right certificate, if known:

TEMPORARY CREDITS TO BE PURCHASED THROUGH
URSCHUTES RIVER CONSERVANCY (ORC) UNTIL
PERMANENT CREDITS ARE OBTAINED THROUGH
A MITIGATION BANK OR THROUGH A MITIGATION
PROJECT TO BE DETERMINED.

SEE ENCLOSED INCREMENTAL MITIGATION PLAN
FOR QUASI-MUNICIPAL WATER USE - APPLICATION 6-1809A.

By (approximate year), for the second increment of permit development, I (we) will need approximately additional acre-feet of the total volume requested in the application.

The proposed mitigation source for this increment of use will be: (please check)

Purchase mitigation credits and / or A mitigation project resulting in credits

Please describe the type of project (e.g., transfer, etc.) and any associated water-right certificate, if known:

SEE ENCLOSED INCREMENTAL MITIGATION PLAN
FOR QUASI-MUNICIPAL WATER USE - APPLICATION 6-1809A

RECEIVED

MAY 06 2019

OWRD

I understand that I must provide mitigation credits in the amount noted, or a suitable replacement mitigation that meets the requirements of OAR 690-505-0610(2)-(5) in the appropriate zone of impact.
