RECEIVED

NOV 12 1940

STATE ENGINEER  
SALEM, OREGON

Dear Mr. Humphrey:

Mr. J. H. Pomeroy, holder of permit No. 13262, for appropriation of water from the Illinois River, has sent me a letter stating that the work is completed and water applied.

I expect to be in the vicinity of his ranch sometime in the near future and if you will send me the form for completion of proof, I will be pleased to make inspection.

In a previous inspection report I advised that work had not been completed for irrigation of a certain area in the SE $\frac{1}{4}$ SE $\frac{1}{4}$  of section 5. I believe he was granted an extension of time or rather the time limit had not expired and he was allowed additional time for full completion of work.

Very truly yours,

*Tom R. Pearce*

Watermaster District No. 16.

MR. CHAS. E. STRICKLIN, STATE ENGINEER  
State of Oregon  
Salem, Oregon

Dear Sir:

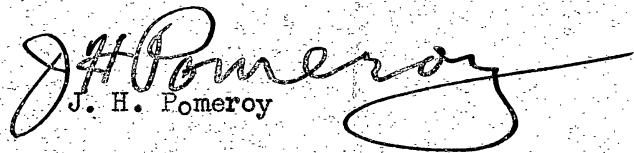

Att'n: Mr. Ed K. Humphrey, Asst.  
Re: File No. 17561

I wish to acknowledge your letter of October 31st in connection with the filing of final proof papers for water rights on my ranch at Kerby, Oregon.

I was under the impression that the necessary work had been finished in the SE $\frac{1}{4}$  SE $\frac{1}{4}$  of Section 5 and water applied to this entire area. However, I am going to Grants Pass shortly and will see Mr. Tom R. Pearce and will check up at the ranch at that time.

Thanking you for your advices in this matter, I am

Yours very truly,

  
J. H. Pomeroy

JHP:H

October 31, 1939

Mr. J. H. Pomeroy  
Kerby, Oregon

Dear Sir:

Mr. Tom H. Pearce made an inspection of your appropriation under Permit No. 15262, preparatory to final proof, and pursuant to your advice, per G. A. Peterson, that water had been completely applied to the use described in this permit, Mr. Pearce now reports that at the time of making his inspection the water was not completely applied to the use specified in the SE<sub>1</sub> SE<sub>2</sub> of Section 5. He states that 3 acres have been irrigated in this subdivision instead of the 10 acres as described in the permit, but that clearing and leveling was in progress covering the other 7 acres.

Since under the terms of your permit, you have until October 1, 1940 to complete construction and until October 1, 1941 to make complete application of water, it is possible that you would prefer to delay final proof until you have actually made application of water as contemplated rather than to make proof at this time and receive a certificate of water right covering the lands which have actually been irrigated as provided by law.

Awaiting your advice in this matter, I am

Very truly yours,

CHAS. E. STRICKLIN,  
State Engineer.

Mr. Tom R. Pearce  
Watermaster, District No. 16  
Grants Pass, Oregon

Dear Mr. Pearce:

I am enclosing a blank for making final proof  
under Permit No. 13262 in the name of J. H. Pomeroy.

You are requested to make your usual inspection  
at your convenience and submit the proof to this office with the  
\$1.00 certificate recording fee.

Very truly yours,

CHAS. E. STRICKLIN  
State Engineer

September 12, 1939

Mr. J. H. Pomeroy  
Kerby, Oregon

Dear Sir:

This acknowledges receipt of Forms A, B, and C, being notices of the beginning of construction work, the completion of construction work and the complete application of water under Permit No. 13262.

The matter of issuance of the certificate under this permit will be given consideration as soon as the Watermaster of your district can make an inspection of the project covered by the permit for the purpose of checking the irrigated acreage, location, etc., preparatory to final proof, which proof can cover only the acreage which has actually been irrigated. In the meantime, the permit which you hold will be valid and sufficient evidence of the water right.

Very truly yours,

CHAS. E. STRICKLIN  
State Engineer

December 5, 1928.

Mr. J. H. Pomeroy,  
Kerby, Oregon.

Dear Sir:

Herewith you will find Application No. 17561, Permit  
No. 13262, together with blue print.

The application has been approved and recorded in  
this office.

17561

September 14, 1938.

Mr. J. H. Pomeroy,  
Kerby, Oregon.

Dear Sir:

This acknowledges receipt of your application for a permit to appropriate 2.0 second-feet of water from the Illinois River for irrigation, together with your remittance in the amount of \$20.00 as fees. Receipt No. 23373 is enclosed.

The application, which has been filed as No. 17561, appears to be in satisfactory form and is being placed in line for approval and issuance of a permit.

Very truly yours,

CHAS. E. STRICKLIN,  
State Engineer.
