The assignments by proof from John Day Ranch, LLC to Fallbrooks Ranch, LLC have been recorded in the records of the Water Resources Department.

The Departments records will now show Fallbrooks Ranch, LLC as the permit holder of record.

Our records have been changed accordingly and the original requests are enclosed. Receipt number 131224 covering the recording fees is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permits.

Please note that these permits required complete application of water to the proposed use by October 1, 2019, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claim of beneficial uses have not been received by the Department. This places the permits at risk of cancelation proceedings being started.

Sincerely,

Mary F. Bjork
