The partial assignments from Pearmine Farms, Inc. and Rabo Agrifinance Inc., as collateral agent to Pearmine Farms, Inc., a Corporation and Northwest Farm Credit Services, FLCA have been recorded in the records of the Water Resources Department.

The Departments records will now show Pearmine Farms, Inc., a Corporation and Northwest Farm Credit Services, FLCA as the permit holders of record.

Our records have been changed accordingly and the original requests are enclosed. Receipt number 131206 covering the recording fees is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permits.

Please note that the Department has not received Pump Tests as required by the permits. Until such time that Pump Tests are submitted and approved, the Department is unable to complete the review of your Claims to determine if proposed or final certificates can be issued.
