SCALE: 1"=1320'

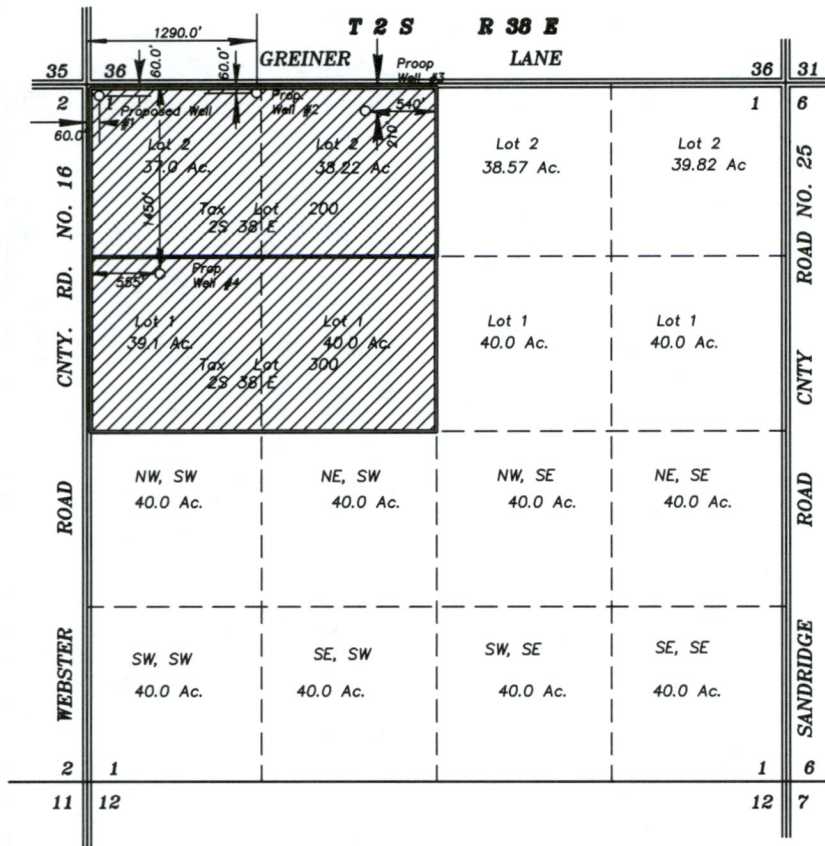

PROPOSED POINTS OF APPROPRIATION

Well #1, S 60' and E 60' from the NW corner of Section 1.

Well #2, S 60' and E 1290' from the NW Corner of Section 1.

Well #3, S 210' and W 540' from the N 1/4 corner of Section 1

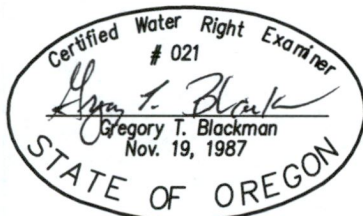

Well #4, S 1450' and E 555' from the NW corner of Section 1, all in T2S, R38E, WM.

Lands requesting primary water from a proposed new Basalt well.

NOTE:

This application is applying for 4 points of appropriation, however only one well will be drilled for irrigation on this parcel. The owner thought it best to have several options in case the driller wishes to use one of the alternates, that way we would avoid filing a permit amendment to change the position of the well.

NOTE: The preparation of this map was for the purpose of identifying the location of the proposed water right and has no intent to provide dimensions or location of property ownership lines. Location information shown hereon was furnished by the applicant.
