Bandon, Oregon 97411

Dear Mr. Wycoff:

We have received your map, spring, description sheet, legal description, fees of \$35.00 and application for a permit to use 0.01 cubic foot of water per second from a spring area for the domestic use of one family and irrigation of not to exceed $\frac{1}{2}$ acre lawn and non-commercial garden. For reference, your application is numbered 56937.

Your application is now satisfactory for the issuance of a permit.

Sincerely,

Vestal R. Garner
Water Rights Engineer

To File

From T. Shook

W.C. Wycoff & his wife were here today requesting information regarding status of their permit 42684. They have contacted Roseburg office several times, who in turn, I'm certain, contacted us, and were told of our backlog WPC change.

Any how, they explained problems they have had with neighbor, where spring area is located, and said they are no longer using spring-area. He has built a diversion dam on creek near their home.

I mentioned permit 42684 is of no value & would have to be canceled - unless, they go back to spring area. They will probably authorize cancellation of permit, & retire since their plans are now to sell.
